NOTE: The Youth Criminal Justice Act (YCJA) restricts individuals from sharing records made under that Act. Findings of guilt and other dispositions under the YCJA may not be reported on this response.

SECTION 1: RESULTS FOR RCMP NATIONAL REPOSITORY CRIMINAL RECORD CHECK

☐	INCOMPLETE	Based solely on the name(s) and/or the date of birth provided, a search of the RCMP National Repository of Criminal Records could NOT be completed. Positive identification that a criminal record does or does not exist requires the applicant to SUBMIT FINGERPRINTS to the RCMP National Repository of Criminal Records; which has NOT been done. Delays do exist between a conviction being rendered in court, and the details being accessible on the RCMP National Repository of Criminal Records. Not all offences are reported to the RCMP National Repository of Criminal Records. ☐ FINGERPRINT SUBMISSION REQUIRED
☒	NEGATIVE (Not confirmed by prints)	Based solely on the name(s) and date of birth provided, a search of the RCMP National Repository of Criminal Records did NOT identify any records with the name(s) and date of birth of the applicant. Positive identification that a criminal record does or does not exist at the RCMP National Repository of Criminal Records can only be confirmed by FINGERPRINT comparison. Delays do exist between a conviction being rendered in court, and the details accessible on the RCMP National Repository of Criminal Records. Not all offences are reported to the RCMP National Repository of Criminal Records.
☐	NEGATIVE (Confirmed by prints)	Based on the fingerprints, name(s), and date of birth submitted by the applicant, this message certifies that a search of the RCMP National Repository of Criminal Records did not identify any records associated with the applicant that may be disclosed in accordance with federal laws. Delays do exist between a conviction being rendered in court, and the details being accessible on the RCMP National Repository of Criminal Records. Not all offences are reported to the RCMP National Repository of Criminal Records.
☐	CRIMINAL RECORD (Confirmed by prints)	Based on the fingerprints, name(s), and the date of birth submitted by the applicant, this message certifies that a search of the RCMP National Repository of Criminal Records identified that the fingerprints submitted by the applicant were certified as identical to fingerprints registered under a criminal FPS Number. Delays do exist between a conviction being rendered in court, and the details accessible on the RCMP National Repository of Criminal Records. Not all offences are reported to the RCMP National Repository of Criminal Records. This document may not contain all criminal records associated with the applicant. ☐ SEE ATTACHED POLICE RECORD CHECK SUPPLEMENTARY INFORMATION FORM FOR DETAILS
☐	CRIMINAL RECORD (Not confirmed by prints)	Based solely on the name(s) and date of birth provided, a search of the RCMP National Repository of Criminal Records has resulted in a possible match to a registered criminal record. Positive identification that a criminal record does or does not exist at the RCMP National Repository of Criminal Records can only be confirmed by fingerprint comparison. As such, the criminal record information declared by the applicant does not constitute a Certified Criminal Record by the RCMP. Delays do exist between a conviction being rendered in court, and the details being accessible on the RCMP National Repository of Criminal Records. Not all offences are reported to the RCMP National Repository of Criminal Records. This document may not contain all criminal record convictions associated with the applicant. ☐ SEE ATTACHED POLICE RECORD CHECK SUPPLEMENTARY INFORMATION FORM FOR DETAILS ☐ FINGERPRINT SUBMISSION REQUIRED

SECTION 2: RESULTS OF INVESTIGATIVE DATABANK AND LOCAL INDICES SEARCH

☒	NEGATIVE – No information was revealed that can be disclosed in accordance with federal laws and RCMP policies
☐	POSITIVE – ☐ Criminal Record ☐ Outstanding Entries ☐ Non-Conviction Records for Public Safety ☐ SEE ATTACHED POLICE RECORD CHECK SUPPLEMENTARY INFORMATION FORM FOR DETAILS

Hi Alexa,

Good news, security has been able to confirm with PCO that you have a top-secret rating valid until 2027-12-20.

We will be able to proceed. I will keep you up to date on our progress.

Thank you,

Axel

Good morning Axel and Makenna,

The Department of Finance pulled my TS after initially sharing your feedback from this morning. I am forwarding our emails where they confirmed it last summer.

I would appreciate connecting with them & using it. If they pulled it, maybe NSIRA loses it.

It was alot of work & I really want to benefit from it.

Can you please connect with the Department of Finance Security from the email below?

I can't open the attachment on my phone. I will look at it when I get home.

Thank you,

Alexa.

Hello Robert and Personnel Security,

I hold reliability from the SSC and DND, and I also hold a valid Level 2 as well.

I am also waiting on my Top Secret which is at the end of the process now. My last update was on Thursday last week, and I was notified the following: "LERC finally came back and is with PCO and will be issuing the TBS-330-47, once that transaction is complete they will be providing the certificate". This was for an offer from last summer!

Robert and I talked months ago, and Robert confirmed that your office can just pull my Level 2 secret since I do not have the Top Secret yet.

I do not have to re-apply for it, it is valid and is attached to this email.

Can we narrow down on the forms?

Also, how long does an LOO take to be completed?

We started this process early and unfortunately, the security email forwarded wasn't expected so I never looked for it. I was waiting for an LOO.

Please review and advise me of when things are good or if you need something else from me!

Alexa.

Dear HRTO,

I have started a complaint against your organization with the United Nations in line with the information below, and as such, I require you to copy all OHCHR emails on every email sent to me and to lift any spoofing you are engaging in to prevent me from my right to report on your organization. I am emailing you as a last opportunity for your organization to self-correct as this is part of the legal escalation process. Your organization is bound under International Law to respect my rights under the Canadian charter and the ICCPR as explained below. I will ask you the same questions but listed and ask you to respond below each one reflecting a respectful accommodation toward me as a neurodivergent Canadian given this is your assessment of me as advertised online using your fraudulent file 2019-369136-I for which I have escalated to Tribunals Ontario many times to address since I found out about it last year in 2024. I will detail this fraud and the evidence for it below. It is part of a pattern of behaviour of Ontario-province sanctioned hate toward myself and anyone around me using illegal meta tracker surveillance and Telecom level override to my at home protected wifi and various data plans. This is legally binding upon you and you are required to respond. Failure to do so will require you to respond to the United Nations itself. This includes my requirement to have an international witness from the United Nations present to assess me medically and to assess all of your interactions with me because since 2012 and my acceptance to do my masters degree at Waterloo University, this anti-high IQ autistic program in partnership with Canadian Universities and your hired operatives illegal surveillance of Latin dance communities has been actively interfering with my life to push me toward suicide as I evidenced in my previous emails, all attached to this email.

International Covenant on Civil and Political Rights (ICCPR)

In 1976, Canada became a party to the International Covenant on Civil and Political Rights (ICCPR) and its Optional Protocol (ICCPR-OP1), according to Canada.ca. The ICCPR was adopted by the UN General Assembly on December 16, 1966, and entered into force on March 23, 1976. Canada acceded to the Covenant on May 19, 1976.

Here's a breakdown of the key details:

International Covenant on Civil and Political Rights (ICCPR):

This treaty commits nations to respect the civil and political rights of individuals. These rights include the right to life, freedom of religion, freedom of speech, freedom of assembly, electoral rights, and rights to due process and a fair trial.

Optional Protocol (ICCPR-OP1):

This protocol allows individuals to submit complaints to the UN Human Rights Committee if they believe their rights under the ICCPR have been violated by a state party, and in this situation, this is the Human Rights Tribunal of Ontario, HRTO, and Tribunals Ontario as well as various universities working with the HRTO; to regarding due process and fair trial as well as freedom of speech, freedom of assembly, electoral rights (your targeting my Arabic/Islamic name despite me not practicing Islam) at Elections Ontario and Canada since filing, freedom of speech (suppressing all of my social meta accounts about your ongoing racism and fraud toward me and exacerbating it after the ICJ declared my

demographic of Gazan-born Palestinians as undergoing a plausible genocide), and right to life given your multiple false wellness checks, and Google indexing of my previous Arabic/Islamic name & current Canadian white name to criminal and mental health defamatory content on www.CANLii.org, and the Supreme Court of Canada since 2017 until now (and targeting my home network, bank accounts, cell phone data plans, impersonating me online and at the Ontario Human Rights Tribunal with ALL decision listed on CANLii.org connected to File 2019-36913-I which NEVER was heard at all and as such - all usage of my name on this records at all (whether anonymized or not - but it legally has to be anonymized as will be described below) is all against my human rights as a Canadian citizen, and in breach of Canada's duty to respect the ICCPR-OP1) including targeting my primary autistic co-regulator (Dr. James Splinter, owner of Vibe Salsa) and my family at 19 Kedgewick Court, Nepean Ontario, K2G 4M9 including but not limited to using Ottawa Police to engage in a Chapter 11 Double Jeopardy on April 23, 2025 to Alex Beseiso on the same day I posted the 2017 emails to my MP and MPP on my Personal Facebook (@lexibee668) with the probable cause you tried to create for me (harassment, uttering of threats etc...) for which you used your operatives in Ottawa Latin dance, led my Talek Cameron and Nohemie Remy and Tara Lynn Howelett to de stabilize James Splinter with reputational harm and push him to be the face of the criminal entrapment campaign to give me the charges you gave Alex Beseiso meant for me in 2017 as confirmed by the following police report numbers with Ottawa Police: 2024-22981, 2024-22978, 2024-98957 that I fought with John West's help against Rita Les Hearts with the first one I filed with the screenshots capturing the false criminality your hires were spreading and trying to re-create for me under 24-167690.

Canada's Involvement:

Canada's ratification of both the ICCPR and the Optional Protocol in 1976 signified its commitment to upholding these fundamental human rights on an international level. I believe your organization is acting behind the Canadian Federal governments back because all of my efforts to email the OHCHR, my MP and MPP and Attorney Generals resulted in my IP address being blocked while I discuss your organized ableism, racism and fraud. All the names on the citations you emailed me are to be investigated for conspiracy & judiciary fraud as well as high treason. These names and citations connected to them attached to fraud 2019-36913-I:

1. Roslyn Mounsey on <https://www.canlii.org> (citation 2021 HRT0 386) - it never happened, I wasn't present and I was actively litigation file 2016-25441-S with the HRT0 at the same time on May 26, 2021 (the day after my birthday - likely in response to me not committing suicide as your organization had hoped)
2. Romona Gananathan on <https://www.canlii.org> (citation 2021 HRT0 226) - it never happened, I wasn't present and I was actively litigation file 2016-25441-S with the HRT0 at the same time on March 23, 2021

For The fraud on 2016-25441-I which is incorrectly labelled as the actual file as per the emails from the HRT0 is 2016-25441-S:

1. Maureen Doyle's DECISION is WITHHELD off of <https://www.canlii.org> (citation 2023 HRT0 1142) and is being deleted by the fraud attached to 2019-36913-I regarding trying to negate the HRT0 precedent I sent with being offered the disability accommodation of recording all of my HRT0 proceedings and interactions (and why I can evidence that everything Maureen lied about in the decision she wrote is fraud and is in line with your organization's efforts to use Psychologists to give racialized self represented applicants false diagnosis after destabilizing us to create false narratives like all the fraud on Google attached to me that is simply illegal according to Canadian privacy law, and is in breach of the HRT0 decision to anonymize my name in the public record before 2019-36913-I was filed, and after it was fraudulently posted on CANLii.org as the decision attached to 2016-25441-S mislabelled 2016-25441-I and withheld off CANLii.org anonymize my name so your organization was doing this to shut the work in my face and push me toward suicide because I am neurodivergent. Your organization strategically filed two false wellness checks at the end of 2020, and did all of this fraud online in 2021 and then withheld the decision on 2016-25441-S hoping I would be dead and no one would know what you did but I didn't die (I am not suicidal) and Ontario's ombudsman got involved so you withheld the decision and made me wait over 3 years to access it on August 1, 2023. My car accident in Jan 2025 - this was your way of staging my death by accident on the highway by having that man hit my car from the side. No one got hurt and I am here. This was after the following staged entrapments in Ottawa Latin dance to create the narrative to have James Splinter feel harassed as you used your online fraud and operatives (and still are) to lead a hate campaign on me and have me

charged for the same charges you gave to Alex Beseiso to justify your fraud. I do create videos to communicate and all the online suppression of my Facebook account is linked to racism with impunity.

2. Joseph Tascona on <https://www.canlii.org> (citation 2023 HRTO 1537) on October 20, 2023 which believes justice delayed is justice and I challenge that any respectable human rights court and anywhere in the world would agree that taking 9 years to dismiss and application and making me wait over 3 years for the decision as you smear me with 2019-36913 is due process or fair - also you used a racialized man because I raised that all of the main adjudicators are all white females and this is a big part of the tokenizing issue with racism in Canada

Please answer each paragraph in a different color or font as a disability accommodation

2019-36913-I never happened, no hearings were ever booked and as such your decisions shared here are fraud, in addition to breaching the HRTO anonymization decision regarding my name for (citation 2015 HRTO 1126) for my first application 2015-19764-I which ended in a settlement. The content of all the decisions 2019-36913-I contradict the decision for 2016-25441-S regarding recording being a disability accommodation. Please answer the following questions under each line:

1) I am Alexa Baseeso and I never received a decision or any hearing for 2019-36913-I and it never got any hearings, so please explain how and why there are decisions as all of these are dated during my 2016-25441-S application for which the HRTO gave me the right to record all proceedings as a disability accommodation. In other words, I would have recorded these hearings as per the decision you sent me for 2016-25441-I which is mis-indexed because the file as per the emails you sent me is 2016-25441-S. Please explain how the HRTO reconciles these two contradicting decisions given 2016-25441-I was the last published and has my name anonymized indicating that the HRTO knows that they have to respect my privacy and that I need to record all of my proceedings as a disability accommodation. Since 2016-25441-S happened, and I was present - I video and audio recorded the sessions that contradict what Maureen Doyle actually wrote about me. So, please answer this exact question below here.

Response:

2) 2019-36913-I never happened, it was never heard and this is all identity-fraud since I never received the decision at all or any hearings - please provide me with these reconsideration documents that you claim I filed so that the police investigate the fraud. Please send me the emails with all the hearings and the location and time because I can prove that I wasn't there. These hearings never happened and your organization knows exactly what I look like, and all my hearings are recorded as I have done for 2016-25441-S. Please answer directly below this paragraph.

Response:

3) I was granted recording as a disability accommodation by the HRTO in 2016-25441-S and 2015-19764-I where on both files, my legal name is anonymized as per 2015-19764-I citation 2015 HRTO 1126. Please apply this HRTO decision on all decisions linked to 2019-36913-I and respect your own decisions. This is not a process, this should have been done immediately as it is respected in 2 out of the 3 applications I filed. 2019-36913-I was filed between 2015-19764-I and 2016-25441-S and since my name is anonymized on 2015-19764-I and 2016-25441-S and both of these happened, and I recorded both - the same has to be done on 2019-36913-I unless ofcourse the intent is racial profiling and humiliation of a neurodivergent Palestinian Canadian to push me toward suicide? Please answer why 2019-36913-I is not anonymizing my name as per citation 2015 HRTO 1126 on Canlii. And please answer if the HRTO wants me to die and what purpose sharing my name to humiliate serves the agenda of human rights in Canada. I need to show the United Nations exactly your position as the Ontario Human Rights Tribunal and how sharing my legal name on a decision calling me mentally deficient is in line with international and Canadian human rights law. I prefer to share your answer word per word as I am Autistic and as such, I need to be precise. Please indicate how the HRTO is protecting me from discrimination by breaching your own order to anonymize my name, even if you want to uphold the fraud and claim that recording is a disability accommodation in 2016-25441-S but not an accommodation in 2019-36913-I which references other decisions that don't exist as the only legitimate decisions that ever happened are 2015-19764-I and 2016-25441-S. Please answer directly below this paragraph.

Response:

4) Please outline each process claimed to be exhausted with dates, times and list of all these processes along with the attachments proving them. As a high IQ autistic, I have hyperfocus and I remember everything. I never submitted any

process and only copied Tribunals Ontario to address these questions that the HRTO refuses to answer. Please outline to me to copy and paste to the United Nations your processes that I have exhausted. I intend on addressing this internationally because it has been ten years of this runaround and fraud. I am Palestinian and I am Canadian, and this is all racism using psych profile and cyber harassment on the internet with Google indexing. I would love to get your exact response please, what are these processes, please outline them below this paragraph.

Response:

5) I must sign off on any of these forms you are claiming I sent for reconsideration. The only reconsideration I filed was on August 31, 2021 re 2016-25441-S (mislabelled 2016-25441-I) and it was the only decision I ever received via email. All of these 2019-36913-I decisions are dated during the pandemic and as such, hearings would have had to be online and email would have been used so it is really easy to prove all 2019-36913-I are all fraud. Please answer directly below this paragraph.

Response:

6) Does the HRTO stalk self represented applicants to study high IQ autism without our consent and knowledge? Please answer directly as 2019-36913-I is in a textbook that clearly uses me as an example of what employers need to avoid as a neurodivergent. I never received a medical diagnosis for this and I never consented to be discussed in a textbook or the HRTO as my name is supposed to be anonymized, please explain the HRTO's involvement in this textbook and why my legal name is used against the first decision published and the last decision published if this is not harassment and intentional bullying. I am autistic, I require your own answer in your own words please right below this paragraph. I need to show the United Nations how the Ontario Human Rights Tribunal works and I cannot guess why you are doing this as this is your Canadian government area of expertise and I am being harmed by it. I have suffered more harm having gone to the HRTO than if I just never applied and given that this is advertised using Google indexing and this HRTO is linked to defaming both of my name, if I change my name, are you going to create more allegations about me and please details if this is about wanting me to die. Specifically, please explain to me how Canada, Ontario and I benefit from any of the decisions attached to 2019-36913-I and why the world needs to see my name if this is not about pushing a neurodivergent Palestinian Canadian toward suicide. The HRTO filed 2 wellness checks in 2020 and I would like for you to explain to the United Nations (copied) why you feel humiliating me online with decisions on hearings that never happened, is not attempted murder given your knowledge that I am neurodivergent: <https://pressbooks.openeducationalberta.ca/workplaceinvestigationshr/chapter/chapter-13-investigation-challenges/> . Please answer directly below this paragraph.

Response:

7) Please outline to the United Nations why you believe being neurodivergent is bad and if you think advertising your 2019-36913-I decision in a textbook by a University in Alberta where I never went or visited is inline with your mandate to protect my human rights. Please outline your role in this textbook and why it is Google indexed to my legal name and despite being published in 2022 behind my back, occupies the top of every Google search on me being a legacy link, and when I have my own online accounts that do not show. Please answer directly below this paragraph.

Response:

8) Please explain how you are connected to meta suppression and the disabling of my Telecom GPS and Meta Tracker on Facebook ? What is your role as an arm of the Ontario government, and are you invested you are in surveilling me using Canadian state tools to push me toward suicide? Is this all Waterloo University or do you work together to target undiagnosed autistics? All the harm that keeps befalling me is connected to your organization and myself vocalizing how my experience is that it is racist. Are you offended that I am asking you to address your harm or is this what you are intending to accomplish to punish me for believing I am an equal in Canada. Can you please describe to the United Nations how you are using my information and why I am being targeted by people repeating the narratives attached to 2019-36913-I from 2022 in 2025? Are you connected to why Ottawa Police is not investigating any of the hired harassers sent to prevent me from dancing? The textbook linked to 2019-36913-I describes me as the only example of

neurodivergence that is bad for employment. Please explain why your decision 2019-36913-I is being advertised online with my legal name but not the other decisions which include citation 2023 HRTO 1142 clearly confirming that I was given the disability accommodation of video recording. This precedent preceded 2019-36913-I filing and it was published after 2019-36913-I. Please explain to the United Nations how this is not about the HRTO covering up the fraud *I recorded and reported to my MP and MPP*. Please answer directly below this paragraph.

Response:

9) I have the right to access information about my applications and to access accommodations upto undue hardship, please explain the process the HRTO takes to public decisions on CANlii and who does this, the adjudicator on the decision? Please explain why you didn't address each concern, especially my right to anonymize my name in the public record which was respected on all decisions before 2019-36913-I and all decisions after 2019-36913-I which actually happened but were racist and unfair (dismissed and refused to respect my right to accommodations and to reverse the defrauding of my grades and give me a retroactive withdrawal and compensation for all lost time, opportunity and emotional suffering).

Response:

10) If you are labelling me with undiagnosed conditions online, it is likely your organization that hacked my medical records at Ottawa University Health Services to embed false disorders to parallel the claims attached to both my previous legal Arabic name and current legal name. Please explain your institutions' relationship with Waterloo University, Alberta University and Ottawa University. I have never been to Alberta or studied there, and the content in that textbook negated the decision from 2016-25441-S (labelled with an I for false indexing) which links it back to Waterloo University and the evidence I have on the fraud I experienced and reported on in 2016 and 2017 to the Canadian government. Please explain to the United Nations why Google indexing is used to push all the decisions attached to 2019-36913-I when it never happened, but not the other applications that did and precede and follow 2019-36913-I . I require it from your own words please below this paragraph.

Response:

11) Please explain to the United Nations how it is that Romona Ganatham described me as describing myself as 'mentally deficient' when I never met her and I never used those words, and more importantly, please explain how making such statements in the public record defends my human rights in Canada and internationally. Please use your own words directly below this paragraph.

Response:

12) Please explain if it makes the HRTO happy that I cannot work, dance or use my devices because of having filed at your organization and trusted you to give me my human rights from the defrauding of my grades by Waterloo University as I evidenced on Facebook for which I am being actively suppressed, harassed, defrauded financially (your hires are making recurring payments on my credit cards and actively wanting me to collapse mentally (to be in line with the fraud in 2019-36913-I) . Is this the purpose of your organization and is this why you take 7-10 years to dismiss 93% of all self represented Human Rights Applications , from here: <https://tribunalwatch.ca/2024/the-human-rights-tribunal-of-ontario-access-to-justice-denied/>

A stunning 93% of HRTO's decisions were dismissals of claims without a hearing, most after being stalled for years and then ruled as abandoned by a tribunal that imposes onerous requirements on applicants. Even though

a large majority of people filing claims have no legal representation, they are being compelled to file written legal and factual submissions on sometimes complex issues, or else see their case dismissed.

Please use your own words directly below this paragraph.

Response:

13) I am describing what Tribunals Watch reported on last year and I am asking you to explain yourself regarding 2019-36913-I as you are claiming I sent in appeals that I never did because it was never heard, and while the only application ever heard was happening and filed before and terminated after it, negating everything it says (recording is a disability accommodation as per it being given to me as such and this is why I have all the videos and can/did prove that Maureen Doyle engaged in fraud in 2016-25441-S (which is mis-indexed with an "I" at the end) . Please describe the HRTO rationale for the United Nations and why you wish to keep hurting me online to defend human rights in Canada. Please use your own words directly below this paragraph.

Response:

14) Please explain to me why you refuse to address this if the intention is not to push me to die socially, and given that you filed wellness checks (2 in 2020/2021) - how this is not what your organization wants as it clearly believes the risk exists (2 not 1 report). Also, did you file the wellness check on May 29, 2025 ? Do you think suicide is funny ? Are you aware that the suicide rate in neurodivergents is 66% higher than regular people? Please explain to the United Nations your choice not to respect my privacy and your own decision to anonymize my name in the public record if the purpose is not to push me toward suicide, humiliate me on the internet, prevent me from higher education and work as well as scare people from being my friends. Please explain how this makes the HRTO look good to the United Nations, or if you believe I will be dead before they get back to me?

Response:

15) Dancing is an important part of my life and I need it as an Autistic. Please explain why the narratives 2019-36913-I are being circulated by people I don't know to prevent me from regulating as autistic do (neurodivergence) and if you are working with Ottawa police to mentally destabilize me through enforced shutdown and targeting addition to the cyber bullying, harassment and impersonating of me on my devices (only government tools can do this - meta and Telecom level interference). Please use your own words directly below this paragraph.

Response:

16) Did the HRTO place spyware on me (like Pegasus) and spoof all of my emails to my own MP and MPP to protect Maureen Doyle and her predecessors from criminal charges for abuse in authority and fraud in the public interest which now includes collusion with Pressbooks and other universities?

Response:

17) Why is 2016-25441-S Decision labelled 2016-25441-I? Please use your own words directly below this paragraph.

Response:

18) Why is 2016-25441-I not uploaded on CANLii.org but 2013-36913-I is when it never happened? Please use your own words directly below this paragraph.

Response:

19) Are you spoofing my emails to the United Nations and using Canadian government tools meant to protect me and my Canadian freedoms to push me toward suicide with isolation, defamation, financial defrauding of my accounts because I am not suicidal, and I do not want to die, and I am full of life wanting my life back.

Response:

20) Does the HRT0 regularly accept and litigate more than 2 applications with mentally deficient applicants for over 9 years? Please explain to the United Nations how 2019-36913-I with citation 2021 HRT0 226 being sandwiched between 2015-197690 and 2016-25441-S where neither describe me as 'mentally-deficient' missed such a crucial observation by a woman I never met : Romona Ganathan. Please explain this to the United Nations petitions because I prefer to describe your logic with your own words.

Response:

21) Are you spoofing the emails to the media here as I am using the Ottawa Public Library and 2019-36913-I is all fraud and it is in an important online Canadian government database. Are you keeping the smears because you think I think these emails are going through? I print these emails and video record myself at the library. I have methods to access the United Nations. Please understand that I do not want to embarrass you or Canada. I want the harassment and harm toward me to be addressed and stopped. I do not want to die and I need the HRT0 to apply the anonymization decision immediately as this was already done on 2015-19764-I and 2016-25441-S. The 2019-36913-I never happened and I need Tribunals Ontario to address this with the HRT0 immediately. If I die, it will be a murder staged as a suicide and I believe it is connected to the people standing to go to jail.

Response:

Final questions for which my neurodivergent brain needs explicit answers and yes, redundancy is need for me to be sure your answers are precise:

Please address the issue of breaching HRT0 citation 2015 HRT0 1126 regarding the HRT0 having to anonymize my name in the legal record as done against the University of Waterloo preceding 2019-36913-I and following 2019-36913-I ; in other words - this is intentional and I need this investigated and rectified immediately on CANLii.org please.

Response:

Please explain how my name is on all the 2019-36913-I files when the entire application **never received any hearings** and I never **met or spoken to any of these adjudicators**. Also explain why I was not sent a copy of the decision as I was for 2016-25441-S given I am active and responsive and I video recorded all my hearings for 2016-25441-S and I didn't get hearings to record 2015-19764-I but I did record Truemner and I told Kershaw this. The recording is on an older camera and voice recorder. I didn't trust Truemner because she delayed access to my documents. I asked a lawyer and they said I can legally record any interaction I am in without needing to ask for consent.

Response:

Why is 2016-25441-S Decision labelled 2016-25441-I? Please use your own words directly below this paragraph.

Response:

Why is 2016-25441-I not uploaded on CANLii.org but 2013-36913-I is when it never happened? Please use your own words directly below this paragraph.

Response:

Are you spoofing my emails to the United Nations and using Canadian government tools meant to protect me and my Canadian freedoms to push me toward suicide with isolation, defamation, financial defrauding of my accounts because I am not suicidal, and I do not want to die, and I am full of life wanting my life back.

Response:

Please outline each process you claim I exhausted and share the date/process as I have not exhausted any and only sent emails asking the above questions concerned about fraud and your institution defaming me online in favour of Waterloo University.

Response:

Tribunals Ontario is your oversight body and I have the right to complain without any limits on these complaints, is not a process that is exhausted as it is not a formal application of any kind and your organization has never responded to me respecting my neurodivergence (which you deem to be a form of mental deficiency as per the textbook referencing your fraud 2019-36913-I so please live up to answering me like I am slow like the lies that you are projecting about me). Please reply to all, everyone included is part of this process especially all United Nations emails & Canadian and international media. Arab hate and linking all Arabs with extremist Islam or Anti-semitism will no longer be tolerated. This way of harming racialized Canadians will stop. I also recognize that your operatives hacked all my emails and my medical records and My Chart and as such, nothing after my original filing at the Ontario Human Rights Tribunal from Jan 1, 2015 in my medical records can be considered legitimate given all of the online efforts linking the HRT0 to mental health disorders as a tool for public isolation, humiliation and illegal surveillance including criminal entrapment. I will ask all the doctors to explain their various diagnoses in exchange for immunity against you because none of them followed established international protocols and they are uber focussed on medication while none look for cultural fit , trauma and autism. I believe this has been happening for a long time. It needs to end.

I am needing answers and this is not a process, it is my right to get answers under each of my paragraphs please, as part of the International escalation against your organization because your organization has been flagged for publishing unheard decisions by Tribunals Watch Ontario (shared above) and I am one of many people being harassed and tortured without any meaningful oversight and in the face of escalating province-state violence instead of resolution and de-escalation. I am printing this email at the Emerald Plaza Branch library, and video recording it on the screen and everyone on it. It needs to go through and if it doesn't they will know.

If the HRT0 and the province of Ontario actors supporting all of this want to resolve everything fairly, I am open to it and my case has to be reported to the UN on our human rights report. If not, these questions have to be addressed and they will be addressed internationally. I am Palestinian , and Canada does not recognize Palestine as a state, and given the current breach to all of my constitution and human rights , I require international witnesses from the United Nations to be involved including Psychiatrists to assess and interview all Canadian ones and your published assessment about me, and to assess me themselves. I do not trust anyone in Ontario under your direction without an international witness that is interviewed by the Palestinian Delegation and the Embassy of South Africa, and the Embassy of China and the Embassy of Qatar (Al Jazeera) . I did and I have given permission to Al Jazeera to publish whatever they like and it is up to you if you want to be involved or not. I prefer Canadian media to get access to this first. I am not backing down on Alex Beseiso or James Splinter. Both males are being targeted because this program didn't succeed in ending my life or criminally entrapping me. Both Alex Beseiso and James Splinter have been blackmailed and psycho destabilized into shutdown and I believe both are autistic but I believe James has a much higher IQ and Alex is interesting but he is held hostage with

double jeopardy and all because I am too clean to be charged. The charges on Alex are not linked to me and he wasn't living in Canada when they happened in his absence. The charges happened in Toronto and I never lived there but I danced there and not in any connection to Alex Beseiso. De stabilizing men to entrap them into crimes seems to be a pattern and in association to me where I have a completely different life from both of these men and I do not want them harmed so this HRT0 program can continue trying to harm me more. I am not a criminal, I do not have any disorders and I am high IQ and autistic because my brain is different, and I do need accommodations not harassment. I have no close relationship to Alex Beseiso, and I believe he needs support to address his speech patterns and not to be dehumanized by judges and police (I filmed and witnessed what happened on April 23, 2025 - it was a test to see how the group involved would try to retro-actively validate his criminal charges and they used another white female judge to claim the same while he is in court litigating. I am not involved and find his difficult to deal with but he is kind and not harmful but I don't engage with him. I don't have communication issues just like James Splinter, I believe the higher IQ and autistic is, the quieter we are unless we are provoked and destabilized like the group linked to 2019-36913-I repeated does to me and James Splinter with Talek Cameron , Nohemie Remy , Tara Lynn Howlett and the others mentioned on the police reports. I don't believe Ottawa police is plotting with this group but I believe there is abuse in authority ordering them to disregard me and that will be addressed at the United Nations unless it immediately changes and Nohemie, Rita, Talek , Virginia and the two black men that assaulted me get arrested along with Ali Kizomba and Josh JDMIX. The focus on touching and caressing/kissing and sexualizing touching around our neck and décolletage area without our consent is organized de stabilization. I will wear an Islamic veil at dance social when I am not dancing to prevent this and make sure anymore attacks are charged as hate crimes. Neither James or Alex are involved or consulted in my emails and work. I wish the harassment upon them to harm me stops.

This is impacting ALL arabs as the Census since as early as 2006 shows our demographic's unemployment rate as 95% higher than all whites in Canada. This hate impacts all Arabs regardless of their faith and sexual orientation but it impacts women and LGBTQIA2+ and those of us living with a disability more than the rest. This impacts Arabic Jews and Christians and Atheists too- I am being targeted as a dancer, and I can only imagine how the others would get targeted. The demographics of Arabs in Canadian jails is extremely small because we are not naturally bred criminals so this method of surveillance and entrapment is being used and it needs to end.

Please, and immediately restore all my meta Facebook privacy and engagement options and please stop assuming my identity like you are doing with File 2019-36913-I using Meta Tracking. I never turned it on and I removed two factor authentication at the Emerald Plaza Library on May 7, 2025, and the team targeting me associated with this group linked to HRT0 fraud targeted my data with sniffing attacks at the same library on May 8, 2025. The same thing happened on July 10, 2025 with my banking info on the same day I spoke with RCMP regarding Cyber crime and confirmed that it is Ottawa Police jurisdiction but I believe the group connected to this 2019-36913-I fraud is wanting to steal my money as they keep charging re-curring payments on my credit cards and stealing my PINS. The intent is to harm me enough to end my life financially, harm my credit, prevent me from working and studying as well as dancing and that is all against Canadian and International Law.

Thanks,
Alexa Baseeso

Dear Alexa Baseeso:

RE: AB v. University of Waterloo, HRTO File 2015-19764-I**AB v. University of Waterloo, HRTO File 2016-25441-S****Alexa Baseeso v. Power Systems Technology Ltd, HRTO File 2019-36913-I**

This is further to your emails of July 17, 2025, July 23, 2025 and July 24, 2025. Your emails have been forwarded to our attention for response, as they pertain to matters that were heard before the Human Rights Tribunal of Ontario (HRTO).

First, the Tribunal cannot provide legal advice or direction with respect to the concerns raised in your correspondence. You may wish to speak with a lawyer or the appropriate oversight bodies for assistance and/or guidance.

Upon review of your HRTO files, we note the following:

- File 2015-19764-I is resolved following the submission of a signed Confirmation of Settlement (form 25) on March 10, 2016.
- On May 26, 2021, HRTO issued Decision **2021-HRTO 386**, for file 2019-36913-I, which dismissed your application. Your file was reviewed following a request for reconsideration and a further decision **2021 HRTO 386** was issued to all parties on May 26, 2021, which denied your request for reconsideration.
- August 1, 2023, HRTO issued Decision **2023-HRTO 1142**, for file 2016-25441-S, which dismissed your application. Your file was reviewed following a request for reconsideration

and a further decision **2023 HRTO 1537** was issued to all parties on October 20, 2023 which denied your request for reconsideration.

With the issuance of the reconsideration decisions, you have exhausted all avenues available through the HRTO Tribunal process. All files cited above are closed. Copies of the decisions are attached for your reference.

Further to our email of December 10, 2024, if you wish to pursue with application further, you must apply to the Divisional Court for a judicial review within the timelines specified on their website: .

Please also note that HRTO considers files 2015-19764-I, 2016-25441-S and 2019-36913-I fully resolved. It should also be noted that the HRTO does not consider additional requests for reconsideration of the same decision.

As we are unable to provide you further assistance, you will not receive a response to any additional correspondence regarding these files.

Attention all emailed,

Yesterday I sent two emails, one was a follow-up to an email that was never answered, and the other was a forward of the original email sent to me by the HRT0 with the decision in the only application of mine (a total of three) that ever happened which was 2016-25441-S . This decision was NEVER uploaded to CANlii.org and instead an application that was never heard with file 2019-36913-I was uploaded with many decisions that are all fraud given they advocate against the precedent that I had set with the Human Rights Tribunal of Ontario whereby I was granted the the disability accommodation to video and audio record all of my proceedings as an accommodation, this is being negated by all of the fraud online attached to 2019-36913-I to assist Waterloo University in their racism and hate towards me both as a Palestinian and as neurodivergent.

I sent three emails with evidence of the patterns before sending this one; these patterns include filing false police reports against me using false psych profiling like the online textbook linked to 2019-36913-I on Google, just like what a group of ppl (hired by Waterloo/HRT0 or both?) and I will call the 'operatives' did against me on International Women's day 2024 while I was stimming at Rahim's at 275 Elgin.

Rahim was targeted using the same style of defamation and false sexual misconduct framing by Talek Cameron and one white woman (Ana) and one racialized woman (Mary) , then the same happened to James Splinter using Talek Cameron, Tara Lynn Howelett, Nohemie Remy, Rita Les Hearts, Lauren Fortier, Renato Sobrino, Ricardo Ortiz, Tina Roberts, Ali Kizomba, DjJDMIX and many others including two black men sent to sensory destabilize me last July 14 also while dancing (neurodivergent Autistic nervous system regulation) .

I did report the wellness checks being filed as racism below, and you continue to maintain this racism hate towards me and I beleive you want to push me toward suicide and I am not suicidal. So are you going to murder me and set it up like a suicide or are you going to stage it as a hate crime and false incriminate James Splinter because we autistically love each other ?

Ottawa Police has these emails and I am asking Tribunals Ontario to investigate the HRT0 and fix everything as none of this is acceptable, and should I die, for any reason, then it is murder to maintain and cover this up. I believe the plan is to stage it as a suicide and/or to frame James Splinter for it or my Jewish Dance friends as this is what the evidence suggests and I want to live, and I don't want any of them harmed. I care about all of them. They don't hate me. James Splinter and I unmasked without knowing anything about this surveillance program and it is because of the Textbook connected to 2019-36913-I that I researched all the listed Neurodivergence conditions being linked to me as 'bad' and realized I am Aspergers. I read how higher IQ Autistics (is now the term as Aspergers is linked to Nazi Germany and was removed from the DSM05), I read that high IQ autistics are rare and they unmask when our nervous system feels peaceful. I learned that we gravitate toward dance communities (Latin dance for us) and that we love patterns (music and dance are all patterns on top of each other). I learned that undiagnosed adults are high masking and we don't know when we unmask. So I slowed down all of my meta suppressed videos of myself and James Splinter Latin dancing at dance socials and I saw and isolated all of these movements. I wrote a novel about all of this based on us where I am Cayenne and James is Habanero. I described my theory about this illegal dance surveillance program through art and the

suppression and shadow banning went crazy in addition to me realizing I had spyware on all my devices and has been suffering from credit related fraud by the same group subscribing me to monthly fees on Amazon, Facebook and Paypal to ruin my credit score and prevent me from being able to rent, work, access loans etc to push me toward suicide (the evidence cannot be understood any other way). Harming my ability to dance safely and with James Splinter is intentional to harm both of us psychologically as our dance videos confirm we are imprinted on each other as described by Autism researchers:

Dr.Damian Milton - The Double Empathy Problem

Dr. Devon Price on Masking and Unmasking

Dr. Luke Beardon on Shutdown mechanisms on Asperger Syndrome in Adults

Both Milton and Price discuss loop closure & co-regulation recognized in Autistic peer studies under different terms

This includes Pattern Recognition as self-defence, a concept used informally in Autistic communities which describes me very well

I need to make sure it is on record that James Splinter is likely high IQ Autistic as he unmasked while dancing with me, many times, in all of our recorded dances on my personal Facebook page at <https://www.facebook.com/lexibee668>. All of my videos on this facebook account have the option to change my privacy settings off or not there at all, and even if they appear, they are changed right after I alter them to psycho harass me further and deny me my charter rights to live with dignity because I am autistic. This impacts James too because the same group attached to Waterloo University operatives harassing us in Ottawa Latin dance keeps trying to create rumours about him and the same online government suppression people (only gov are given meta suppression tools by meta so this is connected to Tribunals Ontario) are hiding the evidence that we (him and I) are likely high IQ Autistics so we cannot and we do not see sexuality and dating the same as neurotypicals. We felt at peace with each other and this is pattern recognition related and is connected to our nervous systems recognizing each other and it is non-verbal. Hiding these videos suggests that the group attached to Waterloo University is intending on criminal entrapment of James because the literature on neurodivergents confirms that suicide is 66% higher in people like us and for men, it comes in association with criminality and for women in association with humiliation which is what HRTO CANLII fraud decision 2019-36913-I is doing. Illegal surveillance of Waterloo University students has been recently documented by CTV news too:
<https://www.ctvnews.ca/kitchener/article/vending-machines-at-the-university-of-waterloo-violated-privacy-act/>

They are illegally tracking whom amongst their students is undiagnosed Aspergers to torment them with these experiments like they are doing to me, and they clearly are working with other universities like Alberta University and probably Ottawa University and Carleton University. James and I both went to Carleton University (Natalia Escobar Castillon is a Prof there and runs Bachata Obsession out of Studio X where the sensory overwhelm incident took place on myself and James by operative Rita Les Hearts for which I filed a police report because she also assaulted me at Vibe Salsa on Sept 12,2023 and tried to intervene in my dance with James which is recorded and it is the one where we mask the most and it is suppressed too). James learned and taught dance at Ottawa University with UOSalsa and this is where operatives Talek Cameron, Nohemie Remy and others were attached to him while during the same time, Sue- Anne Hayes and others were attached to me but I danced at Rahim's on 275 Elgin. The rumours and organized harm to both of us and Rahim overlap the same tactics linked to suicide of neurodivergents and always involve false police reports and the same individuals. This is a large pattern and it cannot be overlooked as the same individuals are not exceptional or accomplished dancers but they are on all the posters to image cleanse them constantly while myself and James are being erased digitally with our dances together which are exceptionally great and I am a performer and I do live Arabic Stimming.

The meta suppression being used to hide those videos off Google and the internet, and all of this fraud - I am obligated to protect James Splinter by telling the truth, and I ask you to immediately investigate why the HRTO and Waterloo University are colluding to engage in fraud that is psych profiling based & Ableism focussed on eliminating undiagnosed Aspergers with illegal surveillance using Telecom level hacking only possible to government intelligence. This is how they are studying us and on our home networks and cell phones and this needs immediate attention because I don't want to die and I am not suicidal. I don't want to be killed either and I need these criminals to be investigated, identified and arrested and my life to be protected with all of my charter rights and human rights.

Being studied without my knowledge and consent, while targeting men I dance with in Ottawa, in addition to targeting me with the same patterns of the same allegations which have no place on the internet , any university or human rights tribunal as medical info is private and I was granted anonymity on CANLII under citation 2015 HRTO 1126, and as such why is there no oversight and why am I targeted with spyware , digitally suppressed for Stimming and why you are

targeting Rahim Noudehaki, James Splinter, John West. You are all educated and this reference to neurodivergence in a textbook linked to 2019-36913-I is evidence that all of you withheld this from me and diagnosed me with incorrect conditions to push me toward suicide and I don't want to die so I need this resolved. I believe all of your targeting of my wife at home, all cellphones, and emails and public databases are about you wanting me to commit suicide. Look at what you did to me below in 2021, the textbook was published in 2022 when I met James and started to unmask just like him (all meta suppressed on Facebook so this is Ontario level based and government connected). Between the suicide references below, another wellness check on May 29, 2025 also referencing my Facebook where I discuss all of this fraud and never make any suicide statements as whoever is connected to this is creating fake accounts is all because I raised fraud in the public interest in 2016 and followed up again in 2016 and again in 2023. I believe all those emails were spoofed because ppl connected to this are studying me and without my knowledge and consent to test what it will take to push me toward suicide. I believe you are doing the same to Rahim Noudehaki, James Splinter, John West, Selina Li (Chinese/Waterloo University Grad) and Kevin Yu (Chinese/407 Viewmount). I believe this is about flagging Autistics for psych testing methods toward self extermination given the inaccurate descriptions about neurodivergence linked to 2019-36913-I in the textbook linked to the decision you are marketing online with my legal name! This is being video recorded so if you spoof, or interfere with it being sent out (I am at Emerald Plaza Branch Library in Ottawa) - it is admission of guilt.

Tribunals Ontario is tasked with oversight and I need everything fixed and all the online harassment to stop as it is definitely Telecom level interference and it is state inflicted. I require a real investigation and all of my Canadian charter rights. Leave James Splinter alone. If I die, he didn't do it so stop harassing him with Nohemie Remy and the rest of them. We are each other's primary co-regulators, your interference in our sensory bonding with Rita les Hearts and the others as captured via video on Sept 16, 2023 at Studio X is indisputable. The images of the random underage woman embedded into his Vibe Salsa account and on his feed is all your meta suppression tools like you are doing to my account when you forced it into professional mode and then embedded a post that doesn't have my signature directly referencing Talek Cameron and Nohemie Remy in connection to this conspiracy. James' life is at risk from you just like mine is and just like Rahim's and John's all are. The over compensation of Arab female operatives to cover this up isn't working because I am the one you are targeting and they are also directly linked to harassing me and James by lying to us about each other as captured by the evidence of the following Ottawa Police reports I filed and that you had filed against me with your operatives trying to validate the lies created by Romona Ganathan, Maureen Doyle, Darrell Hawreliak, Mathew Cheung and others linked to 2019-36913-I.

This has been done before : <https://pmc.ncbi.nlm.nih.gov/articles/PMC4822534/>

The textbook: <https://pressbooks.openeducationalberta.ca/workplaceinvestigationshr/chapter/chapter-13-investigation-challenges/>

And, whomever in government is responsible for Meta Suppression on my socials keeps isolating posts that do not exist on Jewish accounts linked to me! This is playing with Antisemitism and Nazi Germany did experiment on Semites and they did exterminate autistics while also being the scientists that identified high IQ Autism previously called Aspergers.

This is all antisemitism as I identified as semitic on 2016-25441-S. I was asked to share my place of birth at Waterloo and I pointed to Gaza on the map. The way these operatives escalated their organized hate after Oct 7 and tried to sow hate between Jews and Arabs is all this and please leave my Israeli dance friends alone (Maria and Libi) and stop supporting hate with covering this up for Waterloo University. Please investigate the textbook and why it is using an HRT0 decision that was never heard, my full legal name and discussing me in a horrible false way which is against all the literature on neurodivergence so to push something so false under the pretext of a human rights application and using an academic institution is largely a crime against humanity and in my case, a war crime given that I am Gazan-born and there is an ICJ declared plausible genocide against my demographic as this group targeting me is upscaling since I talked about this on my personal Facebook as the HRT0 literally ignored me all of last year. I am forwarding the 'wellness check police false reporting' pattern below and it matches these reports and the evidence submitted with Ottawa Police under:

24-167690
2024-22981
2024-22978

2024-98957

On the post April 2, 2025 posts discussing what the HRTO is doing linked to Waterloo University and Alberta University online (and Jill Cameron Supreme Court 38969 incrimination of a man but Google indexing my Arabic name to it which is what you had for me until March 23, 2021 when I emailed you my legal name change certificate which is the exact same day that CANLII published 2019-36913-I citation 2021 HRTO 226 so no hearing could have been held because you didn't know my name to hold them so this is pure fraud, and I need all the illegal surveillance to stop and for everything to be fixed immediately). I have forwarded this email and the email where I appeal the withheld 2016-25441-S Decision from August 31, 2023 because this is during when the operatives linked to this were actively harassing me out of Ottawa Latin dance.

I am aware surveillance is watching me type this and I am video recording the screen before leaving and printing the emails for the lawyers and international contacts I am asking to help me flag this to the federal government and I believe this is not a sanctioned gov operation and I believe they will kill me to hide it. I am wanting all of this to stop and to be fully compensated for it as it is a failure in oversight as I had reported everything to Tribunals Ontario and they never did anything. I am copying my MP and MPP and I will go there in person to verify they got the emails sent. All emails are scanned and uploaded and sent to embassies and the UN because I need to make sure this stops. International escalation is not my wish but I need the harm to stop and this is an opportunity for the HRTO and TO to clean this up and protect Canada and Canadians from this by finally criminally charging all those involved and for myself and James (and others) stop being harassed and blackmailed with embedded posts on our Facebook accounts. James was targeted before I met him at Studio X by one month. It all started on the internet (Natalia Escobar Castillon and UOSalsa all contributed).

I will mail these emails too.

I intend to have this illegal digital interference stopped.

Surveillance to entrap is what this is all about and it is a conspiracy and there are charges for this, and the evidence here is indisputable.

I haven't received any response on my serious emails but I did receive runaround emails stating that all applications have to go through mediation now, and I know it is because of the international escalation that I started since the dismissal rate at the HRTO is 93% and this is part of the organized fraud and racism. I want mediation to take place for 2019-36913-I since it was never heard and all the fraud linked to it online to be immediately removed.

I need the anonymization decision on CANLII.org about me to be respected immediately and for the HRTO to compensate me for all the harm they caused by publishing this decision and humiliating me online. I don't know who authorized this but they need to be held accountable and I want my life and Charter Rights back.

I need Crown Attorney Jill Cameron investigated in her role Google Indexing me to a man's criminal record Supreme Court 38969 when I do not have a criminal record. I posted the emails I sent in 2017 flagging judiciary fraud on my Facebook on April 23, 2025 and on the same day - the man charged was double charged in front of me by two Ottawa Police Officers - this is a chapter 11 double jeopardy and I am wondering if this man was entrapped to create a false criminal record for me via proxy given all the police reports. He was charged in his absence as per the Google record and his name isn't like mine was in 2017. Dr. Simron Sign was never in Canada either but he was treated as a witness and quoted as a source of fact by Maureen Doyle in 2016-25441-S and this pattern happened to the man criminalized (Alex Beseiso, but my Arabic name was Google indexed Aula Beseiso) - this was intentional. I need this looked into because I danced in Toronto and all the fake Facebook accounts made in my current legal name have photos of me dancing in Toronto that I don't have. I have been surveilled for a long time and this confirms that Waterloo University is involved and central to this and it is linked to Toronto police and is impacting Ottawa Police too. If this was just racism, James wouldn't be targeted. This is about targeting high IQ autistics and using racism to cover it up by hiring tokenized racial shields like Romona Ganantham/Mathew Cheung to pretend to validate 2019-36913-I . They never met me. They didn't even know my legal name as evidenced in the other emails to support this sent before this one.

Sincerely,

Alexa Baseeso since 2017

Previously Aula Beseiso all my life in Canada.

Dear Ottawa Police,

Please add these emails to my most recent police report and add my cell phone number to it 613-227-0337 . Also, I filed a Leca complaint as all of my police reports have been closed and none are investigated while I asked for the closed ones to be opened by calling repeatedly and leaving voicemails. I believe Ottawa police is under instruction to ignore me and label me mentally ill and while I am actively being targeted digitally and by the same group of people as i had sent Ottawa Police from my arabic music project email the.arabtino.project@gmail.com . My email has been hacked and someone else's phone number is attached to two factor authentication. Mine is 613-227-0337 . I believe this is linked to your department hiding judiciary fraud and working to support the mentally ill angle created by the HRT0 to discredit me. I am informing you that you are required to uphold my rights as a Canadian citizen and investigate the individuals I reported and to forward all of my reports and full write-up to the RCMP before I am murdered. I need cyber crimes to investigate my home network, devices and all digital interference including all credit card charges being made in my name just like the HRT0 is impersonating me and publishing CANlii.org decisions that never happened.

Reply to all please as I am a Gazan-born Palestinian Canadian artist and novelist and I need my Canadian constitution rights upheld including Ottawa Police protection and not additional labelling out of hate while I suffer.

I have started the United Nations escalation and need international witnesses because your police station is ignoring me and closing reports protecting a group of harassers led by Talek Cameron and Nohemie Remy as well as Tara Lynn Howlett. I need all the assigned constables and their sergeants investigated and I require RCMP involvement. I am not suicidal and I never was, the tolerance Ottawa Police her for repeated filing of police reports on me by the HRT0 and the group led by Talek Cameron and Nohemie Remy trying to push the online narrative attached to all the judiciary fraud I reported has to be investigated as the harassment and hate crime it is. It is linked to my Arabic Palestinian Stimming work, High IQ Autism Novel and my right to access accommodations as a Canadian citizen living with a disability. All the harassment I am experiencing is linked to reporting HRT0 fraud to the Canadian government in 2017. And again in 2021 with all sorts of fraud attached to 2019-36913-I which was never heard while I was actively litigating HRT0 file 2016-25441-S. I never filed any file labelled 2016-25441-I but the decision emailed to me for 2016-25441-S was mislabelled as such, withheld off CANlii.org and demanded I dont share my videos capturing HRT0 fraud. I shared them to the federal government via email on August 31,2023 when I appealed the fraud attached to 2016-25441-I which is supposed to be 2016-25441-S . This is when the dance community harassment led by Talek Cameron and Nohemie Remy picked up momentum but it accelerated after the October 7,2023 attacks because I am a Gazan-born Canadian. The dismissal of my appeal happened weeks after the October 7 attacks when the HRT0 literally takes years to issue to decisions like they did with 2016-25441-S (took 3 years since 2020 on August 1,2023) and so this is a state sanctioned hate crime as all of my art work and creative expression is Gazan-Canadian and High IQ Autistic.

I demand my charter rights and will follow up to make sure this email isnt spoofed or intercepted. I video record my sent emails and print them from the Ottawa Public Library.

No excuses. Please stop breaching my constitution rights and acting like my Gazan status isnt linked to all this harassment over me. I require assistance in accessing safety to dance because it is necessary for me as a high IQ autistic. I need the following individuals investigated and they are all working under the leadership of Talek Cameron and Nohemie Remy, and they are blackmailing James Splinter with embedded sexual misconduct allegations into his Facebook accounts like they are impersonating me and embedding posts while adding two factor authentication and ruining my life.

Talek Cameron, Nohemie Remy, Lauren Fortier, Rita Les Hearts, Ricardo Ortiz, Natalia Escobar Castillion, John Gonzalez, Tina Roberts, Lisa Nugen, Nadege Nelson, Sue-Anne Hayes, Camilla Akemi Mattos, Arwaa Awad, Hala Hafiz, Meriem (John West surveillance with a smile interrogating Kevin Yu), Renato Sobrino, Ali Kizomba (Facebook name) , JDMIX "Josh", the female guest instructor at Vibe Salsa from 2023 (reappeared this summer whenI attended Salsas at City Hall and was stalking me) , two black men attached to Quai des artistes/Studio X , a petite white woman handling James Splinter and present on Dec 29,2024 when I was assaulted and police did nothing about that police report.

All this is NOT a coincidence, I want the judicial fraud addressed and I am invoking my right to escalate to the United Nations because I am not interested in being murdered and having it staged as a suicide given all the mental illness framing on the internet attached to the human rights tribunal when I hold a valid Top Secret clearance from the Privy Councils Office (attached) so I cannot be mentally unstable or a criminal. I will add that I have held many level 2 secret clearances since 2008 and under my previous legal Arabic name. The HRT0 is working to harass me and push me toward suicide and is hiring digital and in person operatives to make it happen. I am not suicidal so they will murder me. All these wellness checks (3 from Jan 11,2021 and May 29,2025) have to be investigated as organized harassment.

I require escalation to the RCMP and disciplinary actions on all police officers attached to all Ottawa and Toronto reports that have done nothing. I need constable Jimmy Fang investigated for threatening with public mischief charges when I asked him to investigate Talek Cameron. Even if Talek Cameron is CSIS, he cannot breach the criminal code or my rights to entrap me into false psychiatric or criminal charges. I need this investigated and taken seriously.

All videos of the only hearing that actually happened (2016-25441-S) links confirming that all published HRT0 decisions connected to me since 2016 are all fraud and hate because my personality is professional and high IQ
Autistic/Neurodivergent not rude/violent or un-civil :

The PMOs office simply forwarded me to the Minister of Disability and completely ignored that I have been ignored by her office, my MPs office and my MPPs office for going on 2 years.

Our prime minister gave a wonderful speech about coming forward about hate and discrimination and I did but no one cares because I am racialized. This includes Lisa Macleod's office and Chandra Arya's office, the Ottawa Police, Waterloo Police, and the Human Rights Tribunal.

I need to go public and I hope that you will allow me this, I have gone through all other avenues. I have even tried to change my name but the Office of the Registrar is also treating me like I am a second class citizen asking me for immigration papers. The amount of systemic and systematic discrimination is insane. I grew up here, I have no accent, and I inherited citizenship from my parents and I have a valid secret clearance while being quadlingual with multiple degrees and accomplishments. However, I am foreign-born so I consistently am treated with suspicion and completely denied equal opportunity or equal access to anything, including due process at the HRTTO.

The below email can help be a summary but I would appreciate being called at 613-501-8901.

Our Honourable Prime Minister Justin Trudeau, Dear Mr. Darrell for Waterloo University, my MP Mr. Chandra Arya, and my MPP Ms. Lisa Macleod, and the Human Rights Tribunal of Ontario [HRTTO],

I am answering our Prime Minister's call to speak out about discrimination and hate from last week on March 8, 2017 as reported by the CBC from here: <https://www.youtube.com/watch?v=eHgJLFPkPllk> **I do retain my full rights to privacy, and need to make sure that my identity remains protected.**

I need to share the evidence for why discrimination and hate crimes are so systemic and systematic with our County as a recipient of it since atleast 2012. This email is a response to a filing I filed against the University of Waterloo on January 1, 2015 for which the Human Rights Tribunal of Ontario, the HRTTO, has ignored 1) fraud, 2) perjury, 3) discrimination, and 4) giving me due process, and 5) giving me access to accommodations due to disability. Attached is a letter from Dr. Tracy Morgan, from the University of Waterloo asking for accommodations for me dated from Dec 22, 2016. No response from the HRTTO regarding my need to access accommodations has occurred. My follow-ups are largely ignored. **I need your help to be heard at the Supreme court to create new case law stopping this from happening to others because this is a matter for the protection of the public good/interest.**

Evidence 1: Waterloo University Senior Legal Counsel & Higher Management Engage in Fraud of their OWN Process & My Grades

This email was sent to me, Aula Beseiso, by Ms. Sian Williams after about 2 years of giving me the runaround regarding finishing my masters degree. They refused to give me access to accommodations due to disability, and when that did not work to make me fail. They defrauded my grades to remove me from the Masters program a few times. And they continued to refuse to allow me access to accommodations. I asked for a retro-active withdrawal of the grades

they defrauded so I can go elsewhere. Waterloo University's Senior Legal Counsel, Ms. Sian Williams, emailed the following email, engaged in defrauding my grades, and telling me that retro-active withdrawals are fraud, even after her clients defrauded my grades. However, she chose to engage in fraud about allowing me to access retro-active withdrawal to erase my grades so I can start over at another University. She wanted to ensure, along with the other Phds she shares in the below email, that I can NEVER be able to get a graduate education.

 Subject: Your email to Dr. Jim Frank

Ms. Beselso:

Your email of July 26, 2014 to Dr. Jim Frank, Associate Provost, Graduate Studies, has been forwarded to me for reply. The University of Waterloo has duly and fairly considered your February 2014 inquiry in regard to readmission into the MAES program in Local Economic Development.

Dr. Frank, Ms. Lynn Judge, Dr. Jean Andrey, (past Associate Dean of Graduate Studies for the Faculty of Environment), and Dr. Paul Parker, (Associate Dean of Graduate Studies for the Faculty of Environment), convened on July 11, 2014 to review and discuss your inquiry.

Based on a discussion and analysis of many factors, including the accommodation that has already been provided to you and your poor past performance in the program, it has been determined that you will not be readmitted into the MAES program. This decision is final.

Further, I must advise that the University of Waterloo could not consider your surprising request noted below to obtain a "backdated withdrawal from the program". The University does not "backdate" documents or records, as to do so is to commit fraud. Therefore, your request of the University to take such action has been entirely ignored.

Again, the University of Waterloo considers this matter closed.

Sincerely,

Sian E. Williams, B.Sc.(Hon), LL.B., LL.M.

- I filed with the HRTO on Jan 1, 2015 under the belief that retro-active withdrawals are fraud. But I wanted to address my defrauded grades, and to finish my masters degree, and to do so with accommodations.
- We are in March 2017, and no resolution from the HRTO has taken place.

Evidence 2: Letter of Offer confirming that I am not a student with poor grades

This is a page from my letter of offer for the Masters in Local Economic Development program at the University of Waterloo. This is an exclusive, 2 term program with 4 courses in Fall 2012, and 4 in winter 2013. I was awarded a full scholarship thus confirming that I was not a poor student. In this letter of offer, I was asked to maintain an 80% GPA to keep my scholarship for my last term in Winter 2013. And I did, this is why the University of Waterloo sent me a Promissory Note confirming my scholarship for the last term in this program. It is Evidence 3. Here is my letter of offer confirming my scholarship and the requirement to maintain an 80% GPA to keep it.

Offer of Admission Department Details

Aulia Beseiso

Below you will find detailed information from the Local Economic Development Program, including financial support (if applicable), details about your program and contact information. As a University of Waterloo student, you are responsible for your study (i.e. tuition) and living costs as listed on-line.
Study and Living Costs for Graduate Students
(www.grad.uwaterloo.ca/students/prospective/funding.asp).

Any financial support awarded to you (if applicable) must be used to pay for your study (tuition) costs first; any remaining balance will be dispersed to you to cover living costs.

Financial Support

Year 1 Offer: \$7,560.00

The Local Economic Development (LED) program is delighted to welcome you into the Master of Applied Environmental Studies (MAES) graduate program for the academic year 2012/2013.

Financial support of up to \$7,560.00 in your first year may be provided in the form of:

1. Two half Teaching Assistantships (TA), one in each of the Fall 2012 and Winter 2013 terms, valued at \$2,280.00 each, and which require an additional time commitment of up to 80 hours of work over the term. These TAs are assigned on a term by term basis. Your Teaching Assistantship responsibilities will be outlined by the faculty member to whom you are assigned. Monthly payments of the assistantship will be maintained only upon continued satisfactory performance of your duties. As preparation for holding a TA students are required to attend the Faculty of Environment TA Workshop during the Orientation events prior to the beginning of Fall term classes.
2. Two Graduate Experience Awards (GEA), one in each of the Fall 2012 and Winter 2013 terms, valued at \$1,000.00 each, and which supplement the TAs outlined above.
3. A University of Waterloo Graduate Scholarship, valued at \$1,000.00, in the Spring 2013 term. Eligibility for this scholarship requires an overall average of 80% in your graduate courses.

Further details on payments terms and conditions will be made after your arrival on campus.

Evidence 3: The Promissory Note that confirms that I did maintain my 80% GPA for the Last Term of Classes for Winter 2013

I did meet my GPA of 80% and it was confirmed via Promissory Note on Dec 13, 2012 by Waterloo University for Winter 2013. This document, Waterloo University refused to hand over by disobeying all HRTO rules of procedure regarding document submissions. It proves that Ms. Siam Williams, and all the Phds she mentioned in her August 2014 email above under Evidence 1, engaged in fraud intended on defaming my academic aptitude PERMANENTLY. This was about causing severe ECONOMIC harm because it meant that I can NEVER get a Phd myself. No graduate school would admit me with the defrauded grades they gave me. It later becomes clear that this is actually a hate crime, wrapped in a fraud crime. Here is the Promissory Note:

I submitted this Promissory note to Waterloo Student Accounts to become FEES ARRANGED. This status is for students who have their tuition full covered from academic excellence/achievement. I took a snapshot of my Waterloo University student account years later, and it says I was FEES ARRANGED for both Fall 2012, and Winter 2013. So my grades were 100% defrauded. So this confirms that I did NOT have POOR GRADES, and that all of the individuals names in the August 13, 2014 email including Waterloo University's Senior Legal Counsel, Ms. Sian Williams have to be investigated for fraud, and defamation. The University of Waterloo repeated this theme of fraud in all HRTO legal proceedings, thus engaging in perjury, while defaming my academic aptitude out of hate. The source of the hate is racism, I found this out last summer 2016. I do need a Phd to get a good job in our country, Canada, because I am racialized and living with a disability as a female. I get discriminated against under a few categories. My main concern is systematic and systemic racism I keep facing. Some references regarding racism in Canada:

Evidence 4: HRTO's adjudicator, Ms. Mary Truemner issues a Case Direction on March 1, 2016 legitimising Fraud on a few levels confirming BIAS

HRTO's adjudicator, Ms. Mary Truemner, wrote a case direction on March 1, 2016 [attached in full at the end], in response to my MANY emails of DURESS regarding not having my documents. These include my PROMISSORY NOTE , and FEES ARRANGED STATUS documents as I was locked out of all Waterloo University online accounts. I am referencing one page of the pages of this March 1, 2016 Case Direction to illustrate to our government the extent of HRTO contribution to my experience of DISCRIMINATION, in that they were endorsing it, and allowing Waterloo University to keep doing what they are doing. The HRTOs Ms. Mary Truemner wrote:

[1] A hearing in respect of this Application, filed under the *Human Rights Code*, R.S.O. 1990, c. H.19, as amended, is scheduled for March 7 and 8, 2016, in Toronto.

[2] On February 22, 2016, the Tribunal issued a Case Assessment Direction which, amongst other things, directed the respondent as follows:

Also by February 26, 2016, the respondent must deliver to the applicant and file with the Tribunal documents sought by the applicant in her Request for Order During Proceedings (Form 10) filed on January 26, 2016, or it must file a response to that Request for production explaining why it will not produce those documents.

[3] It does not appear that the respondent has complied with the above direction because the respondent's recently filed documents, both arguably relevant and what it intends to rely upon at the hearing (the sets of documents are identical), do not contain the three sets of documents the applicant seeks in her Request filed on January 26, 2016:

1. The applicant's entire file from the respondent's Accessibility Services
2. The "promissory note" the applicant claims the respondent emailed to her in December 2012 confirming her enrolment in the MAES LED programme
3. The "record" of the applicant's "fees arranged status" (?) in December 2012 for Winter 2013 term

→ [4] While it is not clear to me that the second and third set of documents the applicant seeks are arguably relevant, I have no doubt that the applicant's entire file from Accessibility Services would be arguably relevant, particularly if there is a dispute about whether and when the applicant signed any "Summary of Accommodation Form". Given that the respondent has not complied with my direction to produce the documents or explain by February 26, 2016 why it is not producing them, I must assume that there is no reason not to produce them and their absence from the arguably relevant documents the respondent recently filed is inadvertent.

1. I am the applicant, Aula Beseiso, and Waterloo University is the respondent
2. I explained the relevance of my promissory note and fees arranged status in **Evidence 3** above & you can see how HRTOs adjudicator attacks their relevance to protect Waterloo's fraud, and because she is biased and chose to believe them
3. Section 10 of the Ontario Human Rights code defined disability. However, the University of Waterloo kept on stating that they did NOT accommodate me because I was not considered disabled because I did not sign a Summary of Accommodation Form. Ms. Truemner, gives the signing of this Summary of Accommodation form legitimacy, or engages in victim-blaming. She completely ignores how this is in direct breach of section 10 of the Ontario Human Rights Code. In other words, the University of Waterloo is above the law, and can define disability the way they choose.
4. Post settlement, I asked for a Summary of Accommodation form so I can sign it, and I learned that there is no need to have it signed on May 6, 2016. Infact, it is a summary of accommodation LETTER and this LETTER confirms that Waterloo University had VERIFIED MY DISABILITY and that I COMPLIED WITH ALL their PROCESS protocols

RE: Aula BESESIO
UW Student Number: 20159336

To Whom It May Concern,

Aula BESESIO has been registered with AccessAbility Services - University of Waterloo since September 19, 2012. She has provided documentation from a registered health professional that states Aula presents with a confirmed health condition which interferes with her ability to fully access the curriculum and participate as a student. This condition requires academic and examination accommodations to mitigate symptoms which interfere with academic performance.

Our office, in conjunction with university teaching faculty has provided the following accommodations:

- Reduced course load recommended
- In-Class Accommodations
 - o Access to materials not available on line
 - o Ability to audio record lectures
 - o Provision of a 15 minute break part way through a 3 hour lecture
 - o Consideration for extensions on assignments in discussion with professor within a reasonable time frame
 - o Effects of the disability may necessitate her absence from classes
 - o Written communication with instructors rather than verbal

All academic accommodations are approved by an advisor in our department after consultation with the student and professionals providing the documentation. We request that the accommodations be put in place to ensure that the student has equal opportunity to access and be evaluated on material presented during a course of study, while maintaining the academic integrity of the curriculum offered at the University of Waterloo. Please feel free to contact me if you require further information.

Evidence 6: Emails from Hailey Smith Confirming that Retro Active withdrawals to erase marks are not fraud & given to white students, this is a hate crime

Attached at the end of this email, is the entire series of emails between Hailey Smith and I. She was a student at Waterloo University and my neighbour this summer when I went to Waterloo to enact the settlement. She was trying to help me get retro-active withdrawal post settlement, because she got one. Fate had it, that we actually shared the SAME Waterloo University Doctor too, Dr. Tracy Morgan. I redacted one email and sharing it in this section because it explains that she needed to get her marks erased to compete for graduate school, and Waterloo erased them for her. They defrauded my marks so I would leave, and told me that it was fraud to erase my marks to ensure maximum destruction upon me. And the HRTIO is still watching me as I continue to suffer. Here is the redacted email:

From: Date: Thu, May 19, 2016 at 1:59 PM
Subject: Re: Aula- Waterloo Record Expunging
To: Aula B

Hi Aula, Here's a copy of my letter, I hope it helps!

Dear Examinations and Standings Committee,

I am writing to ask to be withdrawn retroactively from all the courses I enrolled in and completed during the Fall of 2014. I understand that I am submitting this petition months past the deadline, but I was not aware that entire academic terms could be petitioned until speaking to my doctor in January. As detailed in the attached supplementary letter from Dr. Tracy Morgan, I was diagnosed with XXXXXXXXXXXX in April of 2014 XXXXXXXXXXXX. I have been participating in ongoing treatment in the form of XXXXXXXXXXXX Therapy for the XXXXXXXXXXXX and take daily medication for the XXXXXXXXXXXX. Beginning treatment for both these things was not instantaneous, because it takes the skills taught from XXXXXXXXXXXX time to develop (one module happens over four months, and there are

four modules), and my doctor prescribed me with various medications that were not effective for about a year, before we found the cocktail that works best for me. TheXXXXXXXXXX also has helped me come to terms with XXXXXXXXXXXXX so that I am no longer extremely distressed by it.

Now, with treatment and medication, I am doing much better in all aspects of my life and I can acknowledge that I should have withdrawn from the Fall 2014 term before it began, because I was not stable enough to perform adequately on an academic front. I barely remember anything from that period in my life, and I did not care about anything, including my increasingly dismal academic performance. I am working on applications for graduate programs, and this term is inhibitory to any chance of possible acceptance.

*Thank you for considering my petition,
Hailey Smith*

This establishes that the intent behind my entire ordeal is actually racism, and fraud is the vehicle of the implementation of racism via extreme hate. These are 2 crimes, and the HRT0 has remained silent over a period of time going on 3 years. Even after I sent a Form 20 for reconsideration. The HRT0 wrote me stating that I have to wait until the HRT0 decides on the current application [they split it into 2] , and so they want me to continue waiting [it is going on 3 years] until they decide using fraud to be able to report the NEW EVIDENCE. This is why I need to go to the SUPREME court, this rule needs to be overturned because it allows the Tribunal to engage in fraud and use fraud to make decisions.

Evidence 7: Dr. Tracy Morgan, works for Waterloo University, and is the doctor that diagnosed me with OCD.

On June 7,2016, Dr. Tracy Morgan helped me file for a Retro-active withdrawal, the way she did for Hailey Smith earlier during the SAME YEAR. And while Hailey got hers in 3 weeks. I am still waiting since 2014 or 3 years- it is 2017

So even with the fraud form **EVIDENCE 1** in 2014; and now I know it is racism. The University of Waterloo insists on discriminating against me & has absolutely no reservations from doing this because they seem to have the full support of the HRT0 staff. The University of Waterloo seems exempt from the Ontario Human Rights Code, and from Canada's Criminal Code too. No ONE is exempt from the law. This is WHY I am escalating to my government reps. This is a threat to the entire public good and public interest. The principle of the 'common-interest privilege' now applies on all legal proceedings.

Human Rights Tribunal of Ontario
655 Bay Street, 14th floor
Toronto, ON M7A 2A3

RE: *Aula Beseiso* (D.O.B. May 25, 1983)

Dear Human Rights Tribunal of Ontario:

I am writing at Ms. Beseiso's request to provide a briefer version of a letter that I addressed to you dated July 29, 2016; she requested that I focus on retroactive withdrawals in this letter. The second reason she asked me to write this letter is to request accommodations during the Human Rights Tribunal of Ontario (HRTO) process.

Ms. Beseiso had individual counselling appointments with me at Counselling Services, University of Waterloo from February 2013 to May 2013 and from May 2016 until July 2016; we had phone contact at other times including today. Ms. Beseiso informed me that she has a settlement agreement with the University of Waterloo through the HRTO in March 2016, which included her return to campus in April 2016 to continue with her Master's degree with the Faculty of Environment, University of Waterloo.

Ms. Beseiso applied for a petition for retroactive withdrawals without penalty from her Master's degree with the Faculty of Environment. I wrote a support letter addressed to the Graduate Studies Department, Faculty of Environment, University of Waterloo that was dated June 7, 2016. As of this date, no one has contacted me regarding her petition.

Students may apply for retroactive withdrawals without penalty when extenuating circumstances negatively affected their academic performance during a term or more than one term. With their application, students are encouraged to include supporting documentation from professionals to provide more information about the extenuating circumstances. When factors related to mental health affected the term(s) in question, counsellors and psychologists at Counselling Services, University of Waterloo, are asked to provide documentation indicating that I provided such a letter for Ms. Beseiso's application for retroactive withdrawals without penalty.

The second reason that Ms. Beseiso asked me to write this letter is to request accommodations for the HRTO process. Ms. Beseiso meets criteria for two mental health conditions. She is requesting the accommodation of audio-recording all meetings and hearings associated with the HRTO process. I support this request for accommodation in consideration of her specific mental health conditions.

Tracy Morgan, Ph.D., C. Psych.

In summary, I have been extremely patient and endured and continue to endure a lot of pain, suffering and severe exploitation. I have severe concerns with the neutrality of the HRTO. They are NOT without prejudice & I want justice for the wrongs committed against me & I want to move forward free of this fear, pain and torture. I need the assistance of all of my government reps to intervene and allow me to be heard at the Supreme Court, and to create new case law to make sure that no one waits as long as I am forced to wait, or is prejudiced by biased adjudicators. I also need the police, and the Upper Law Society to be contacted and to investigate all the individuals involved for fraud, and hate crimes. All HRTO adjudicators are NORMAL LAWYERS, they are subject to the Upper Law Society. As a racialized person living with a disability, this hate is extreme. And I need it to stop. I am very afraid. This is why it took me this long to contact all of you. But it is happening again, a hearing is scheduled, and I am being denied access to due process without prejudice, accommodations and my documents.

I can be contacted on my cellular phone at 613-501-8901. And I live in Ottawa, Ontario.

I do not have access to assistive technology to assist me with writing. This is why I sometimes have to resend emails a few times with more corrected type and with the proper attachments. I apologise for this inconvenience.

I am scared, and I feel persecuted and terrorised.

I need immediate intervention to be heard at the Supreme Court and to have the police involved. I am just not sure, given that I have been ignored by the HRTO and Waterloo University, if the police will ignore me too. I need my government reps to help me get due process & allow me to access full protection under the law. I am a Canadian Citizen. This is an urgent matter affecting the public interest/good. No one is exempt from the law, and the legal process has to be without prejudice. In my experience, this is NOT the case with the Ontario Human Rights Tribunal. I shared all of the evidence, because it is hard to believe just how extreme the problem actually is.

Best regards,

--

Can you please share where this rule is advertised on your HRTO website and why white applicants with disabilities enjoy a one year turnaround time :

1. **Dixon v. 930187 Ontario** : <https://www.canlii.org/en/on/onhrt/doc/2010/2010hrto256/2010hrto256.html> , this one in about a year
2. Paul Disalvo Vs Halton: <https://www.canlii.org/en/on/onhrt/doc/2009/2009hrto2120/2009hrto2120.html?searchUrlHash=AAAAAQAMUGF1bCBBeaVNhbHZvAAAAAAE&resultIndex=1> , this one in about one year too

The common thread here is that racialized people like me with disability are not treated like non-racialized people with disabilities, even at the HRTO and at the University of Waterloo and anywhere else really including the Labour Market. I am perceived as using disability as an excuse because I am not white. This is what the HRTO's Mary Truemner stated on March 7 and 8, 2016 as she refused to acknowledge that Dr. Tracy Morgan was sitting outside of the court room under Subpoena so she can verify my disability. Mary Truemner was simply not interested in the facts. I asked for the Subpoena for Dr. Tracy Morgan, and Truemner processed it but she was never interested in being fair. This is why Truemner refused to allow Dr. Tracy Morgan into the mediation adjudication room and lied to me about being able to speak to my own doctor about what is happening inside mediation adjudication with Dr. Tracy Morgan. This was confirmed on May 15, 2017 in front of Ms. Kershaw but it is nearing 2 months and no decision has been made. White applicants with disabilities seems to enjoy a quick turnaround time. Why ? Because systemic and systematic discrimination is not intended for Caucasians, it is intended for people like me.

The above 2 applications from Canlii concern white Canadians with disabilities, and they were processed in about a year. My situation is taking years despite the abundance of evidence in writing. In my situation, everyone is non-racialized and without disability including the adjudicators; this should not matter, but based on my research & current experience it does. In other words, my life is not important is the message I am receiving here because there is no urgency in addressing the facts and correcting the wrongs against me. Exceptional care is taken to 'baby' the University of Waterloo with same day turnaround time responses, while I have to wait years and months. There is something

extremely inconsistent here. What other way can I understand the way the HRTO is handling my file. What is the need to wait 90 days, I waited almost 2 months, and the HRTO never addresses my applications in a timely fashion?

I am a Canadian Citizen, whether I am racialized or not should not play a factor to my credibility because in a legal proceeding, only facts supported by evidence are supposed to matter. I have spelled out the entire situation for the HRTO with the evidence, and there is a clear resistance to a fair judgement in a timely manner. Like I have said before and I will say again, the facts are not being considered here and the HRTO needs to address this specific matter to me. The HRTO has recognized that I have a disability, while Waterloo University continues to deny this, despite the evidence including both documentation and testimony via Subpoena from Waterloo University's in-house doctor who both diagnosed me and tried to access me accommodations multiple times before and post settlement, without ANY SUCCESS. Dr. Tracy Morgan, has submitted multiple medical letters with Waterloo University letterhead confirming that I am disabled, she did try numerous times to access me accommodations, and that she has helped a Caucasian student get a retroactive withdrawal with ease, while I was told that retroactive withdrawals are fraud in writing via email, by Waterloo University's Senior Legal Counsell, Ms. Sian Williams (this email was submitted to the PMOs office as well as the emails from the Caucasian student confirming that racism is what I am experiencing. Specifically, anti-Semitism. All of this disgusting behaviour is being supported by the HRTOs adjudicator Ms. Mary Truemner. This is called racism and a hate crime, and she is acting like an accessory while turning a blind eye to fraud and perjury. This is what the evidence confirms but you want 90 days. So I will be looking forward to a decision on

Time is for matters that are not clear. My matter is super clear. I feel this delay is more about finding a creative solution to deny me access to my full rights and to find a way to get the University of Waterloo and Mary Truemner out of this situation. Going public seems to be the only way to hold the HRTO to public scrutiny on this matter because I would like to access my full rights, I am not a second class citizen. I do not want to be correcting adjudicators and asking their adjudicator friends to see that they are unfair. I would like to Celebrate Canada Day feeling that something has changed and my belief in the Charter of Rights and Freedoms as well as the Human Rights Code actually apply to me. So far, it feels like they do not apply to me because I am not seen nor treated as human.

I maintain my full right to protect my identity. I am really struggling with understanding the need to hate on me to this extent. There should be an urgency in my matter because it is obvious the extent of wrongs committed against me.

Dear HRTTO,

Eileen Bright informed me yesterday that you need 90 days to make a decision if I am being treated with bias from the previous HRTTO adjudicator. I sent out a few emails sharing my concerns over needing to take time when the matter is obvious and the HRTTO has been dragging it on for going on 3 years. A summary of the evidence which the HRTTO's last assigned adjudicator ignored is attached below to refresh everyone's memory. It is OBVIOUS that Ms. Mary Truemner is more than just biased but also supported fraud and perjury in all legal proceedings from the University of Waterloo.

Specifically, the HRTTO has not considered the facts supported by the evidence and has continued to treat me unfairly. This includes separating my application into 2 applications and ignoring my requests for timely subpoena's, accommodations for disability and the facts ignored and for which Ms. Kershaw is processing is attached below.

Any reasonable person can conclude I am not being treated fairly here. Why is this process taking so long given the extent of clarity attached to my application?

Why do caucasian males with disabilities enjoy fast HRTTO application resolution times?

Why does my settlement

My concerns are valid and the HRTTO is continuing to deny me access to a fair resolution almost 3 years after filing. Please do not pretend that this application started last summer, the HRTTO gave it a new file number to hide the fact that they never resolved the initial application which is also still open. The amount of time dedicated to complicating this process is not from me. I have been consistent as has the evidence.

In case anyone is forgetting the exact details, they are attached below.

I cannot wait much longer to go public, the delayed response time is suggesting that the HRT0 is trying to cover up for Waterloo University.

Dear Madam:

On behalf of the Honourable Jody Wilson-Raybould, Minister of Justice and Attorney General of Canada, I acknowledge receipt of your correspondence, which was forwarded by the office of the Minister of Sport and Persons with Disabilities, concerning your personal situation. I regret the delay in responding.

I hope you will understand that, as Minister of Justice and Attorney General of Canada, Minister Wilson-Raybould is not able to provide legal advice to members of the public or to become involved in the situation you describe. Similarly, neither departmental officials nor members of her staff are in a position to help resolve the issues you raise.

It may interest you to know that the Constitution of Canada divides jurisdiction between the federal and provincial governments, and each level of government has autonomy to act within its sphere of jurisdiction. Accordingly, each province is responsible for its own human rights legislation that governs matters within provincial jurisdiction. Therefore, if you have not already done so, you may wish to share your concerns with the Honourable Yasir Naqvi, Attorney General of Ontario, who is responsible for human rights legislation in your province. Minister Naqvi can be reached at attorneygeneral@ontario.ca. Please note that Minister Wilson-Raybould has no authority over provincial human rights agencies, such as the Human Rights Tribunal of Ontario.

Thank you for writing.

Yours sincerely,

J. Gauthier

Dear Associate Chair of the Human Rights Tribunal of Ontario, Jeanie Theoharis,

Today is March 15, 2023.

It has been over 3 years since my Human Rights application ended with the Human Rights Tribunal of Ontario. I do not have a decision from adjudicator Maureen Doyle despite her adjudicative appointment having expired in 2021, and our last hearing being scheduled for Dec 17, 2020. I emailed Tribunals Ontario about this a few times over the years but they have never responded. Tribunals Ontario are supposed to oversee all Tribunals in Ontario but they aren't doing so, hence my situation.

The HRT0 wrote me saying that they don't know when a decision will be made despite advertising a 3 day to 180 day decision rendering in over 80% of applications, and lies about a 2 year mandate to resolve applications. This is fraud and misleads impacted Canadians (mostly racialized) into entering these proceedings just to keep appointed Adjudicators and officials paid \$\$\$\$ to avoid scheduling hearings and basic principles of due process which include rendering a decision fast. Not knowing when a decision will be issued but continuing to take on applications is fraud in the public interest. I have asked the HRT0 to explain to me repetitively why it continues to take on applications when it can't issue decisions on finished applications like mine. The HRT0 has not responded over years.

I have requested from the HRT0 to send me copies of all hearings notices ever issued for 2016-25441-S, and the names of both adjudicators for the bias component, and then for the settlement breach component. They haven't done so, and they take upwards of 6 months or more to reply to emails but they never address any of the issues. They apologize and say they don't know when a decision will be rendered using various excuses which include Covid or that the "adjudicator is working on it". It's been over 3 years like this so I called the Ontario Lawyers Association and they confirmed that Maureen Doyle (adjudicator on my application) doesn't have a valid license to practice law so isn't overseeing other cases, and her adjudicative appointment also expired in 2021. They confirmed Maureen Doyle is on the HRT0 payroll though and I feel she is holding me hostage to get indefinite pay over years because she can due to 1) no oversight, and 2) corruption suggesting appointments are made between friends and this is a cashing out scheme. There is no other way to see this as the HRT0 continues to take on applications while stating in writing to me that the HRT0 doesn't know when they will render a decision on my application. This suggests fraud in the public interest. I need it investigated and rectified. Lots of Ontarians lives are being held back and this is likely affecting all tribunals managed by Tribunals Ontario.

We know the LTB isn't working and the HRT0 isn't based on my ongoing experience, and their comfort emailing me stating that they simply don't know when they will render a decision, but this is their only job & why they exist!

This is very alarming and needs to be addressed even if just to shut these Tribunals down from accepting applications & enforce oversight over finished applications getting decided on & also expediting being able to take our applications out of the HRT0 to get then fairly addressed.

My application wasn't given many hearings. I had to plead to get more than 1 hearing every year. This took years. I believe the total is 10 hearings or less in over 7 years. In other words, adjudicator Doyle doesn't have lots of notes to go through and her choice to entrap me for years without a decision, after my application concluded is both fraud/incompetence. Please note that Maureen Doyle has no valid license to practice law, and her HRT0 adjudicative

appointment expired on Feb 7, 2021. My application was scheduled to end on Dec 17, 2020.

Tribunals Ontario was contacted over the years (copied) and have never responded.

The lack of oversight from Tribunals Ontario is equally concerning suggesting corruption and fraud via appointment toward the Canadian public.

My request is legally binding upon all of you because I am Canadian and I pay taxes. Also, Prime Minister Trudeau openly acknowledged that hate and discrimination are big problems to the house of commons & asked Canadians to speak up. I am complying with the Prime Minister's call and have waited over 7 years.

I will insist that the HRTO disclose how little hearings you gave me to address my application with Maureen Doyle over her entire 5 year appointment, and please reply to all.

This will show how little notes Maureen Doyle has to review, and confirm that she is incompetent to be adjudicating which raises questions on why she was appointment in the first place.

It will also show incompetence of having 3+ years to read less than 10 sessions of notes to render a decision on my concluded application. I need justice and full reparations, to my rights and for all losses by both the University of Waterloo and the years of being denied due process and entrapped without charter rights by appointed individuals who aren't overseen to protect me and whom are not protecting me despite being made to do so.

Final Remarks

The prime Ministers office is copied because I emailed the PMOs office about my situation 7 years ago (screenshot attached). Things remain the same & worse. The Prime Ministers office gave me some next steps which I have executed. The Ontario Ombudsman spoke to the HRTO and they advised him for me to email the Registrar's and bring this to the Associate Chair. The HRTO told the Ontario Ombudsman that they will print this email and put it in front of you.

This confirms that there is no oversight or respect for due process, as no process exists at all to report fraud or corruption. This includes your call center advising applicants like me to email Tribunals Ontario (TDO email), and I did, over years without any response. This includes many calls reporting this without any outcome.

I am attaching a copy of the Notice of Hearing published to end my application too and it states that the last hearing was Dec 17, 2020.

Today is March 15, 2023 & I filed in 2016. I have no decision, despite my HRTO application being done for years.

I lost all hope of ever finishing my Phd and nothing has changed. It also means that I am older and have been robbed of my potential and contributions to this country and I don't want that to happen to anyone else.

I feel like Canada is not advanced and in no place to market itself as such until it cleans up its adjudicative corruption & lack of oversight, including preferences to appoint mostly non racialized women to all positions of authority discriminating against everyone else, specifically racialized women. In all educational institutions, non racialized women do not dominate but their over representation in all roles across gov suggests nepotism/corruption too. It looks like racism (it can be), but its mostly corruption and no oversight. It just impacts racialized ppl more and all men (racialized and white) due to Feminism being promoted to commit discrimination against the most skilled and educated Canadians.

I believe racism in Canada is insecurity based and that higher education is used to indebt racialized ppl to accept lower outcomes while being labelled over qualified, and expected to pay interest on their loans. Racialized ppl have too much education but they aren't given equal opps due to the ppl who dominate HR departments (mostly uneducated white women).

I am Canadian. I grew up here.

This country is mine too & being white doesn't allow anyone to get away with discrimination or entrapping racialized Canadians from accessing all the same opportunities to learn, grow and fully participate in gov and with gov. The hatred is an implicit acknowledged of fears non racialized Canadians have of skill based/intelligence inferiority. I believe this extends to white highly educated Canadians too. (my friends).

The marketing to promote education but simulatleous discrimination toward lots of Canadians who have lots of degrees is what profile based hiring and appointments is all about. Fragile feelings of insecurity & entitlement for feeling superior to others who have put in the work and excluded.

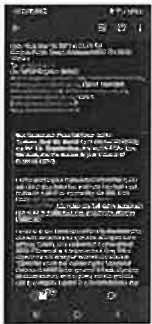

I pay taxes and have no rights. I grew up here and never knew am racialized until I experienced the extreme hatred at the HRT0, and watched educated white ppl (ironically women) engage in such extreme lack of professionalism toward me which I recorded to protect myself from defamation. I can forward the videos upon request. It is important for the PM of Canada to know how hearings are conducted.

I have the right to all my charter rights. This includes due process and speedy litigation and recourse. I need this to include dignity too.

I will be publicly monitoring responses and non responses to this email. Hearings are public and the public interest is being defrauded & a call to action is required. There is no way to report this, and this culture of privilege and fragility allows for entrapment of racialized people reflecting the hatred being tolerated and supported structurally.

Respectfully Canadian & demanding restoration of my charter rights,
A.B.

On behalf of Prime Minister Justin Trudeau, I would like to acknowledge receipt of your correspondence of July 28, 2023.

Thank you for writing to the Prime Minister. Please be assured that your comments have been carefully reviewed.

As you may know, each province is responsible for its own human rights legislation that governs matters within provincial jurisdiction. It may be helpful to know that matters related to the Human Rights Tribunal of Ontario also fall under provincial jurisdiction. Therefore, if you have not already done so, you may wish to share your concerns with the Honourable Doug Downey, Attorney General of Ontario.  Subject: Urgent : A.B. v U of W File No. 2016-25441-S

Dear Prime Minister, MP Poilievre, Attorney General and Tribunals Ontario;

Plz respect my anonymity.

Please take immediate action against Tribunals Ontario and the Ontario Human Rights Tribunal for fraud in the public interest and breaching the Charter.

Plz review the following email correspondence between myself/Waterloo University and the Ontario Human Rights Tribunal.

Plz observe the severity of HRTTO fraud impacting both applicants & respondents. Both myself and the respondent in my application required a decision on our finished application over years since our application ended.

On a balance of probabilities; this is happening to most / if not all applicants/respondents. Especially given the capacity of Waterloo University as a respondent & my lack of capacity as a racialized, female and minority but both of us having no due process in the repugnant manner reflected by a lax culture comfortable with nepotism & double talk.

In other words; whether you have money to hire lawyers or not; it doesn't matter because these Ontario Tribunals are fraudulent & are fronts for appointed individuals to illegally collect an income while being exempt from legal consequences like criminal charges of fraud in the public interest at the financial & life cost of Ontarians who apply & respondent to applications.

All human rights applications have to be halted and legal measures need to be taken to identify when this fraud of not meeting advertised mandates started, and for this to be publicly published on the Tribunals Ontario website. Priority has to be given to applications that have been finished to receive decisions and all outstanding decisions outside of the advertised mandate have to be settled at the Supreme court and the adjudicator assigned has to be tried for fraud and explain/validate why they collected an income and refused to render a decision or played along knowing they cannot do their job.

Plz call me for any clarification at 613-227-0337. I am A.B and proudly Canadian. This is fraud and I have no place to report it. I am calling on all of you to take action for all of Ontario.

We need an investigation; charges and fair compensation for lost time and new speedy applications that will fairly address my application and all others being used by appointed Adjudicators and appointed Tribunal managers to further themselves financially at the cost of breaching Ontarians charter rights. This includes speedy litigation & oversight like reponding to emails & having valid responses to why the HRTTO is simply not doing its job but misrepresenting itself to Ontarians like it is.

Thanks,
A.B.

Dear HRT0,

I have not received any response to my last email forwarded below dated from June 20,2023. Today is July 11,2023. It's not acceptable to have no service standards at all levels from your Tribunal and Tribunals Ontario.

You are financed by the Canadian public to service a mandate that is linked to the Charter. The inability to respond to emails at a minimum is in itself a red flag when your Tribunal is not able to render decisions on finished applications over years!

Please send me my requested information and a prompt explanation on what your Tribunal had been doing for the last 3 years regarding my application.

Your mandate is to resolve applications in 2 years. Mine ended 3 years ago.

This fraud is about me not getting my charter rights and being entrapped in another corrupt legal process after your own because I do not have my basic charter rights.

I am demanding my charter rights and find your lack of basic competence reprehensible and vulgar.

Justify to myself and all of Canada what it is your are being paid to do if basic timely response to emails is not within your competence?

I require every concern addressed from my last email please.

I will also remind you that privilege doesn't protect fraud. This fraud from your organization harms all Canadians and has to be addressed as fraud in the public interest.

Thanks,
A.B.

Dear HRT0,

I don't find your email acceptable.

I have followed up for years to access a decision. Your email should have been with the decision, or a date for the decision, or an explanation why it's been over 3 years without a decision.

The adjudicator assigned does not hold a valid adjudicative appointment. Maureen Doyle has been collecting a salary by delaying access to my decision over 3 years as her appointment expired in 2020.

The damages toward me are not reversible. This adjudicator is not of upright character and hasn't rendered a decision due to incompetence and lack of oversight or severe internal corruption at Tribunals Ontario.

Any decision she renders will not be fair as she breached my right to due process while collecting a salary, and based on your email; she hasn't started writing the decision as your Tribunal wants to create a timeline for her!

When are you going to get back to us?

In 3 more years? Or after she passes away or after I pass away? What's your strategy?

Please:

1) Tell me an exact follow up date and why the HRT0 waited until today to email me? 3 Years?

2) I require, by email the HRT0 to send me all notices of hearings to establish the total number of hearings that actually took place

3) I require by email, all of adjudicator Maureen Doyle's notes to make sure she is making a decision on what happened and not the bigotry she obviously had to take over 3 years and not render any decision.

4) I require all case proceedings ever issued by Maureen Doyle emailed to me plz.

Adjudicators are appointed and their only job is to render a decision on finished applications. She is clearly unable to do that, and this raises further fraud implications that have to be investigated and ppl responsible have to be charged and the money's taken from the public to fund this have to be recooped.

I am repeating my concerns and demand you acknowledge them as such.

Any decision produced now will be in breach of due process. What is the HRT0 going to do to make up for this breach in due process?

Please take this seriously and realize that this is a serious crime to be corrupt in the legal system. It says even more that this is the "Human Rights Tribunal of Ontario".

Best,
Alexa Baseeso.

HRTO File 2016-25441-S

Dear Alexa Baseeso,

RE: AB v. University of Waterloo

We acknowledge receipt of your correspondence dated June 5, 2023, regarding the status of your HRTO file 2016-25441 and specifically, the length of time you have been waiting for the order to be issued. We understand how important this matter is to you and appreciate you taking the time to write. We regret any inconvenience the delay in the Adjudicator's issuance of this order has had on you. Please be assured we are taking your complaints seriously. Your concerns have been brought to the attention of all necessary parties, including the adjudicator who heard your matter. The decision is still with the adjudicator. HRTO is working with the adjudicator to establish a timeline to issue your decision to you. Thank you for your continued patience and understanding. A copy of this message is being sent to the other party for information only.

Dear HRTO,

Both myself and the respondent demand a response that is exact to the escalations below.

My application ended over 2 years ago & we still do not have a decision. The adjudicator appointment expired over 3 years ago. Her name is Maureen Doyle, and she seized herself on rendering a decision. It is corruption to ignore both our rights as applicants and respondents for over 3 years while ignoring our follow up for years.

This includes Tribunals Ontario doing nothing to oversee the HRTO corruption. Specifically, misuse of public funds and lack of ability to do their only job to render decisions.

This is a due process breach and fraud in the public interest.

I require an exact date for a decision.
I will note that privilege does not protect fraud. This is fraud and misuse of public funds.

A.B.

Dear Registrar,

It is approaching 2 years since the hearing in the above noted matter was completed. Notwithstanding repeated requests from both the Applicant and the Respondent for a decision or, in the alternative, a date upon which the parties will receive a decision, the parties are still waiting.

The Respondent asks the HRTO for a date upon which the parties will receive the Adjudicator's decision in this matter.

Hi,

Yes, I filed E202507181657151645 .

I also printed it and can have it scanned if you cannot find it.

Please let me know. I am experiencing active digital interference and since it is attached to the Ontario judiciary, Ottawa Police could be participating given the negligence or collusion once your office investigates. I simply need them to press charges on the group that keeps harassing me, and to also escalate to the RCMP because I need charges laid on people working in the government for fraud, abuse in authority and collusion. I copied you on seven emails. I also emailed you a follow up from a different email too and I used the same file number.

I have to use different networks and emails because I am being targeted digitally for being a whistleblower regarding my own files and information. Ottawa police are not doing their job and it is harming me and putting my life in danger. This is a state sanctioned hate crime, I am Gazan-born and I need help as a Canadian citizen because it got way worse after the October 7th attacks . They are treating me like I don't have constitutional rights, and they are impersonating me in legal decisions that never happened, and withholding the decision on the legal file that actually happened for which I was given the accomodation to record. All the harm around me is about banning recordings and giving me fake mental illnesses (even hacking my medical records) to cover up organized judiciary fraud and collusion between Tribunals Ontario & Canadian Universities around pathologizing neurodivergence without my knowledge or consent. These institutions are not medical professionals and their reach is far and includes targeting my credit score and using my paypal and credit cards to place recurring charges that aren't mine because they are using spyware on my devices as they are government. None of this is legal or okay in Canada or internationally. I caught them engaging in perjury and fraud, including taking the witness of those that are not on Canadian soil that never met me, while ignoring me completely and misrepresenting me on CANLii.org using my legal name when the same tribunal ordered to anonymize my name in the legal Canadian public record as per CANLii.org (citation 2015 HRT0 1126) .

Thanks so much,
Alexa Baseeso.

Dear Ottawa Police,

Please add these emails to my most recent police report and add my cell phone number to it 613-227-0337 . Also, I filed a Leca complaint as all of my police reports have been closed and none are investigated while I asked for the closed ones to be opened by calling repeatedly and leaving voicemails. I believe Ottawa police is under instruction to ignore me and label me mentally ill and while I am actively being targeted digitally and by the same group of people as I had sent Ottawa Police from my arabic music project email the.arabtino.project@gmail.com . My email has been hacked and someone else's phone number is attached to two factor authentication. Mine is 613-227-0337 . I believe this is linked to your department hiding judiciary fraud and working to support the mentally ill angle created by the HRT0 to discredit me. I am informing you that you are required to uphold my rights as a Canadian citizen and investigate the individuals I reported and to forward all of my reports and full write-up to the RCMP before I am murdered. I need cyber crimes to investigate my home network, devices and all digital interference including all credit card charges being made in my name just like the HRT0 is impersonating me and publishing CANlii.org decisions that never happened.

Reply to all please as I am a Gazan-born Palestinian Canadian artist and novelist and I need my Canadian constitution rights upheld including Ottawa Police protection and not additional labelling out of hate while I suffer.

I have started the United Nations escalation and need international witnesses because your police station is ignoring me and closing reports protecting a group of harassers led by Talek Cameron and Nohemie Remy as well as Tara Lynn Howlett. I need all the assigned constables and their sergeants investigated and I require RCMP involvement. I am not suicidal and I never was, the tolerance Ottawa Police her for repeated filing of police reports on me by the HRT0 and the group led by Talek Cameron and Nohemie Remy trying to push the online narrative attached to all the judiciary fraud I reported has to be investigated as the harassment and hate crime it is. It is linked to my Arabic Palestinian Stimming work, High IQ Autism Novel and my right to access accommodations as a Canadian citizen living with a disability. All the harassment I am experiencing is linked to reporting HRT0 fraud to the Canadian government in 2017.

And again in 2021 with all sorts of fraud attached to 2019-36913-I which was never heard while I was actively litigating HRTTO file 2016-25441-S. I never filed any file labelled 2016-25441-I but the decision emailed to me for 2016-25441-S was mislabelled as such, withheld off CANlii.org and demanded I don't share my videos capturing HRTTO fraud. I shared them to the federal government via email on August 31, 2023 when I appealed the fraud attached to 2016-25441-I which is supposed to be 2016-25441-S. This is when the dance community harassment led by Talek Cameron and Nohemie Remy picked up momentum but it accelerated after the October 7, 2023 attacks because I am a Gazan-born Canadian. The dismissal of my appeal happened weeks after the October 7 attacks when the HRTTO literally takes years to issue to decisions like they did with 2016-25441-S (took 3 years since 2020 on August 1, 2023) and so this is a state sanctioned hate crime as all of my art work and creative expression is Gazan-Canadian and High IQ Autistic.

I demand my charter rights and will follow up to make sure this email isn't spoofed or intercepted. I video record my sent emails and print them from the Ottawa Public Library.

No excuses. Please stop breaching my constitution rights and acting like my Gazan status isn't linked to all this harassment over me. I require assistance in accessing safety to dance because it is necessary for me as a high IQ autistic. I need the following individuals investigated and they are all working under the leadership of Talek Cameron and Nohemie Remy, and they are blackmailing James Splinter with embedded sexual misconduct allegations into his Facebook accounts like they are impersonating me and embedding posts while adding two factor authentication and ruining my life.

Talek Cameron, Nohemie Remy, Lauren Fortier, Rita Les Hearts, Ricardo Ortiz, Natalia Escobar Castillion, John Gonzalez, Tina Roberts, Lisa Nugen, Nadege Nelson, Sue-Anne Hayes, Camilla Akemi Mattos, Arwaa Awad, Hala Hafiz, Meriem (John West surveillance with a smile interrogating Kevin Yu), Renato Sobrino, Ali Kizomba (Facebook name), JDMIX "Josh", the female guest instructor at Vibe Salsa from 2023 (reappeared this summer when I attended Salsas at City Hall and was stalking me), two black men attached to Quai des artistes/Studio X, a petite white woman handling James Splinter and present on Dec 29, 2024 when I was assaulted and police did nothing about that police report.

All this is NOT a coincidence, I want the judicial fraud addressed and I am invoking my right to escalate to the United Nations because I am not interested in being murdered and having it staged as a suicide given all the mental illness framing on the internet attached to the human rights tribunal when I hold a valid Top Secret clearance from the Privy Councils Office (attached) so I cannot be mentally unstable or a criminal. I will add that I have held many level 2 secret clearances since 2008 and under my previous legal Arabic name. The HRTTO is working to harass me and push me toward suicide and is hiring digital and in person operatives to make it happen. I am not suicidal so they will murder me. All these wellness checks (3 from Jan 11, 2021 and May 29, 2025) have to be investigated as organized harassment.

I require escalation to the RCMP and disciplinary actions on all police officers attached to all Ottawa and Toronto reports that have done nothing. I need constable Jimmy Fang investigated for threatening with public mischief charges when I asked him to investigate Talek Cameron. Even if Talek Cameron is CSIS, he cannot breach the criminal code or my rights to entrap me into false psychiatric or criminal charges. I need this investigated and taken seriously.

All videos of the only hearing that actually happened (2016-25441-S) links confirming that all published HRTTO decisions connected to me since 2016 are all fraud and hate because my personality is professional and high IQ Autistic/Neurodivergent not rude/violent or un-civil:

Dear Sergeant Barakat and constables,
Attention Leca Complaint E202507181657151645 (this is an ongoing issue with Ottawa Police that keeps repeating);

Yesterday I received contradictory information between Ottawa police reporting and Constable Arbour. I did record all of my conversations. I presented today at Elgin and brought my recorded conversations. I verified the badge numbers because Constable Arbour was giving me conflicting information on the same day I received different information also from Ottawa Police (all recorded). I learned today that Constable Spitz wrote incorrect information about me like she spoke to me, and this never happened. I left her 2 voicemails and she never called me or spoke to me. Constable Arbour, like many white officers - she handled the call starting from discussing hospitals and she wanted to frame me as mentally ill, a very common, white female response to racialized discomfort in my experience as a Gazan-born Palestinian Canadian. I am experiencing identity fraud and I need judiciary fraud addressed in Ontario tied to this identity fraud and manipulation.

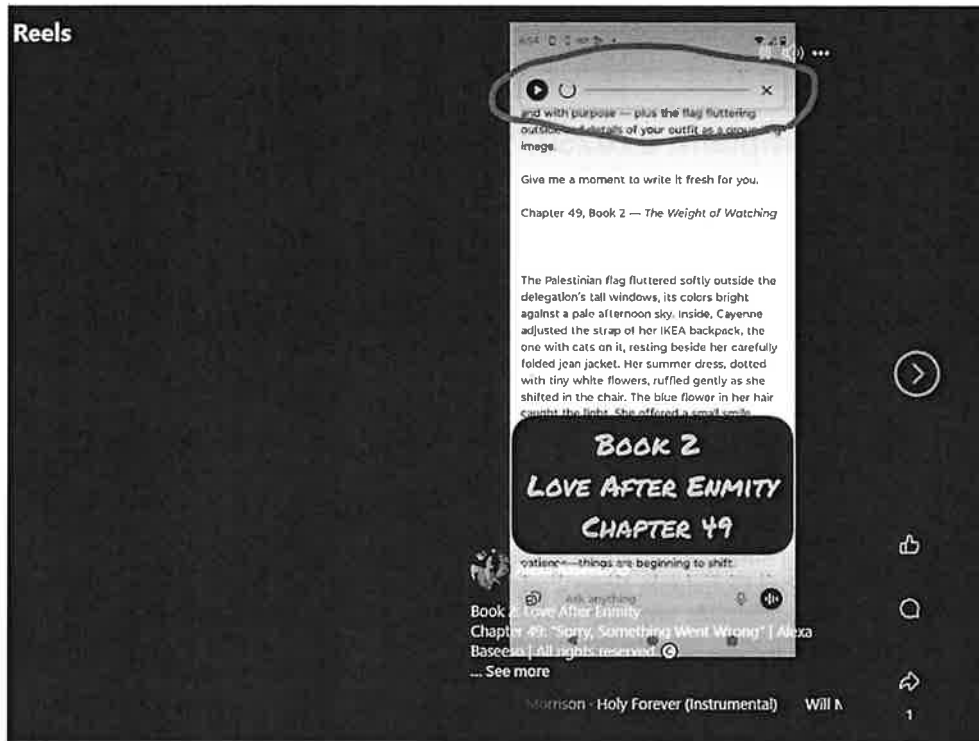

Constable Arbour said , as recorded, that Sergeant Barakat, is assigned to my police report 25-191850 and that he called me about it on June 30,2025. However, I filed 2015-191850 on July 21,2025 so this is impossible. Today, Ottawa police confirmed in person that it is constable Spitz that is assigned that she closed it while falsely noting that I refused 'help'. My police report is not assigned to Arbour, and I would like Sergeant Barakat to hear her inappropriate communication with me, framing the conversation about hospitals and asking me inappropriate questions that have nothing to do with my concerns over a province sanctioned hate crime I need addressed. I don't feel a white female is a good profile to address hate related issues. I generally have seen a pattern where all intake agents I ever called, sound white and female, they are usually well meaning and police but they will never understand me. Similarly, in person, it is always white females. This is a big part of the barriers I face because they tend to profile racism related concerns as mental illness. This is recorded and I need sergeant Barakat to hear how Arbour spoke to me. I actually thought she wasn't a police officer as she lacked professionalism and showed no care of any kind regarding my concerns.

I never spoke to constable Spitz and need to know if someone is impersonating me given the note she left on 25-191850 as it was read to me by the caucasian attendant today in person claiming I rejected 'help'.

I refuse to be pathologized for needing to access redress for hate and being Arab, Gazan-born and Palestinian in heritage. I need for this police report re-opened please, and I need to have all the calls from yesterday (August 6,2025) heard - I can provide my recordings to overcome the barrier I am encountering with non-racialized police officers. I also would appreciate patience with my neurodivergence. It is misunderstood in society, and this is why I am writing a novel about my experiences to help Canada understand me.

I am writing a novel about racism in Canada as I experience it through the ongoing harassment I face as a Gazan-born Palestinian artist & Latin, Arabic and Stimming dancer . All of the conversations with Ottawa police reporting & constable Arbour will be uploaded into my novel. I want the world to understand how prevalent racism is through false psychiatric profiling generally by white Canadians in positions of authority. You can find the chapter on this topic at this link <https://www.facebook.com/share/r/18XXvhkEN1/> ; however, I am experiencing suppression over my own right to express myself so I am pasting it below incase you go to my link and it is blocked from view:

Book 2: Love After Enmity

Chapter 49: "Sorry, Something Went Wrong" | Alexa Baseeso | All rights reserved ©

The flag fluttered outside the Palestinian delegation—clean lines, a normal flag, resistance embodied in fabric. Inside, Cayenne sat upright in the modest, beautiful heritage home that had been converted into the delegation office. There was minimal furniture, a thoughtful simplicity. Jewelry hung near the entrance—silver necklaces and earrings with embroidery stitched directly into the metal. Matriarchy roots, the kind that traced lineage not just through family trees, but through goddesses and geometry.

This was a space that reflected her—not her trauma, but her ancestry. Her history. Her intelligence.

Mohammed greeted her warmly. He always did. He was professional, reserved, and unmistakably Palestinian. Not diasporic, not Canadian—he carried the accent, the calm confidence of a man who had lived through occupation and still wore dignity like a pressed suit. Cayenne didn't bring her surveilled phone with her. Since the government's orchestrated car accident attempt in January 2025 to derail her ArabTino© and AllureSalsa nightlife project, she had moved differently. More carefully. She'd carry her surveillance devices only when the public knew enough to protect her, or avenge her.

"Things are getting better," Mohammed told her. "Still dangerous, but there's movement. Canada is considering recognition of Palestine at the UN this fall."

Cayenne lifted her eyes. "I'm not sure I believe they'll change. They escalated my suppression after October 7, 2023. They'd rather erase me than acknowledge they broke every United Nations treaty they signed."

Mohammed sighed. "You're not alone. Every Palestinian is feeling some version of this. But the world is starting to notice."

She nodded slowly. "I'm not trying to be noticed. I'm trying to exist."

Meanwhile, in a shadowed government operations room...

"Jesus Christ," Blondie muttered, staring at the live feed from the delegation office. "She didn't bring her phone again. She's onto us."

Karen frowned. She was starting to understand that this wasn't about instability. This was about pattern recognition. Cayenne wasn't paranoid. She was right.

"She's using external recorders again," Omar noted, watching the loop of Cayenne playing her chapters aloud in her home, around her surveilled phones, on loop to force her message onto the surveillance ears. Her voice cut through their filtered spyware and she had multiple external recorders. "It's a feedback loop. She's reverse-treating us."

Blondie scoffed. "That bitch actually thinks she can out-psyop a state."

"She already has," Karen whispered.

"She's autistic," Omar said. "So is he. Habanero. The white one—James Splinter. You can see it in the imprinting. They're regulating each other's nervous systems. You mess with that, you mess with their neurophysiology. That's why we've been cutting their vagus nerve flow—targeted disruptions, noise, sexual interference. You know this."

Karen rubbed her eyes. "That's why she stims. That's why she dances. She needs it to survive."

"She doesn't veil for religion," Omar added. "She veils when she dances, to shield herself from us and our vagal nerve attacks on her neck area especially from behind her head, even with Peanuts from September 12 & 16, 2023. She even has the Sept 16, 2023 video from Studio Y (Real-life Studio X in Ottawa)."

Back at the delegation, Cayenne continued. "I want to file international criminal charges against the government of Canada. Through the ICC focussed on the Ontario Human Rights Tribunal and their 93% dismissal rate of all self represented applications since Tribunals Ontario took over in 2016. They did this to me too, and only one out of my three applications was heard. The International Criminal Court prosecutes war crimes, genocide, and crimes against humanity. What's happening to me checks every box. Judicial fraud. Organized surveillance. Digital identity manipulation. Blocking my work. Suppressing my disability accommodation. And using my Palestinian-Gazan status to justify it. This includes humiliating me online and withholding my diagnosis from me and giving me a false one since 2013. They even use my credit cards and sign me up for recurring payments on my paypal to erode my savings and ruin my credit score. They want me homeless, and poor & they interfered with all of my jobs too including my stimming and ArabTino© nightlife as arts and autism stimming project. They are erasing me online and misrepresenting me at the same time."

Mohammed blinked. "You're going to the ICC?"

"Yes. And the OHCHR. And the UN Special Rapporteurs. This isn't just personal. It's structural. They've withheld my Asperger's diagnosis for over a decade. Instead, they created pathology after pathology and tried to assign it to me. Even hired racialized professionals like Wawa—Arwaa Awad—to entrap me into saying something radical. But I didn't. Because I believe in the rule of law. That's how my neurology works. Extremism is not freedom fighting—it's a trauma response. I am not extreme. I'm exact."

Mohammed exhaled. "You've thought this through."

"I have to, and I really do not want to be doing any of this but what are my options? How do I live a normal life being lied about, defamed and targeted repeatedly and for over a decade! You know they used a fake series of decisions—File 2019-36913-I—to remove my own agency & impersonate me as describing myself as 'mentally-deficient' and a 'kid' - white feminists are something else entirely and they manage the Human Rights Tribunal of Ontario as appointed adjudicators. They are desperately trying to push me toward suicide. They even cited this unheard file—2019-36913-I—in a University of Alberta textbook about how to manage neurodivergent employees labeled as 'difficult' and a 'challenge' to employers. And the "only" name in that chapter is mine linked to fraudulent decisions from the Ontario Human Rights Tribunal 2019-36913-I - a file that was never heard. During its publishing behind my back (to ruin my life), I was litigating and recording my interactions for the only application actually heard—unfairly—but it was heard under 2016-25441-S. However, 2016-25441-S never ended in 2017 as CANLii.org misrepresents online, and it ended on August 1, 2023 as dated on the decision emailed to me on the same day. This decision was mis-indexed to 2016-25441-I and withheld from the public record because it contradicts all the fraud decisions linked to 2019-36913-I. The main issue the province of Ontario has is with how the Ontario Human Rights Tribunal gave me

the disability accommodation of recording all of my interactions with the Ontario Human Rights Tribunal for my own 'personal-use'. They didn't anticipate me to be neurodivergent and not susceptible to their gas lighting. They didn't think I would figure out how they are engaging in judiciary fraud, and needing to execute me by pushing me toward suicide. They are desperately trying to cover up their fraud toward Ontario, and Canada as those decisions are uploaded to CANLii.org. The Human Rights Tribunal of Ontario staged wellness checks in 2020, two, and then started the online hate campaign using unheard file 2019-36913-I right afterwards. They wanted Cayenne to take her own life and they created the environment to do so with organized reputational harm, using the Human Rights Tribunal of Ontario, Canadian Universities and operatives including Kitkat (Talek Cameron), Vanilla (Nohemie Remy), Candy (Tara Lynn Howlett), cheeks (Lauren Fortier), Curly (Jose Sandoval) and many others including Nini (Nadege Nelson), Bini (Benjamin), Kiki (Ricardo Ortiz), Vivi (Virginia Delaney), Zizi (Chih Fong Chuang), Fanny (Sarah Fang) and many others. The Human Rights Tribunal of Ontario didn't think I would be alive and delayed their 2016-25441-S (they mis-indexed it to 2016-25441-I) hoping I would be dead and for themselves to maintain the fraud from 2019-36913-I but I didn't die. In 2024, Tribunals Watch Ontario called out Tribunals Ontario and the Ontario Human Rights Tribunal for publishing unheard decisions, dismissing over 93% of all self-represented applications and using administrative loopholes in addition to unqualified adjudicators. During the same time, all the racialized employees called out the Ontario Human Rights Tribunal for racism toward all of them as employees and flagging racism in their own mishandling of racism and discrimination applications in Ontario."

Canadian Surveillance

Karen googled "Tribunals Watch Ontario" and wanted to show Omar what she found online at <https://tribunalwatch.ca/2024/the-human-rights-tribunal-of-ontario-access-to-justice-denied/>.

"Omar, take a look at this link; I just sent it to you."

Omar clicks on Karen's first link:

Omar read out to Karen:

The latest statistics from the Human Rights Tribunal of Ontario (HRTO) show that the tribunal has become the place where human rights claims go to die. Tribunal Watch's analysis, largely based on data from the HRTO's own website, shows:
A stunning 93% of HRTO's decisions were dismissals of claims without a hearing, most after being stalled for years and then ruled as abandoned by a tribunal that imposes onerous requirements on applicants. Even though a large majority of people filing claims have no legal representation, they are being compelled to file written legal and factual submissions on sometimes complex issues, or else see their case dismissed... A system designed to accommodate applicants with no legal representation is increasingly using legal technicalities to deny hearings to people who want to present their case. For the very few applicants who get to a full hearing on their case, the wait between filing a claim and a final decision is now normally between four and 10 years. The HRTO's drive to close files has led to a spike in dismissals of cases at the Tribunal's own initiative, without giving applicants an opportunity to tell their stories so that they can be properly assessed on their merits. An increasing number of cases are being dismissed because of the HRTO's own errors in handling files. The Human Rights Legal Support Centre, an organization set up by a previous government to assist applicants in navigating the system, has been starved for funds for years and is shrinking. The *Human Rights Code*, with its protections against discrimination based on race, disability, sex and other personal characteristics, is one of Ontario's most important laws. In most cases, the HRTO is the only recourse for people to enforce their right to be free of discrimination. The Ontario government must take steps to address the crisis at the HRTO.

"She's right," Karen explained, "There was no real hearing for that file. They manufactured everything and held back Ottawa police hoping she would kill herself, it is obvious. She followed up today on August 6, 2025 about police report 25-191850, and she found out they assigned a retired police officer Spitz (Badge 978) to it when she filed on July 21, 2025. They called her back today and made contradictory statements about Sergeant Barakat being assigned to it, and claiming he called her on June 30, 2025 but she filed 25-191850 on July 21, 2023 so he couldn't have been assigned to it! She audio recorded it too, she even told the police constable Arbour (Badge 9993) that she didn't believe she was a police. Cayenne recorded the call too and will visit Ottawa Police to verify all of this in person the next day on August 7, 2025. This is a run around and a half and looks like part of the mental-destabilization process in Ontario."

"And it wasn't one adjudicator either, Karen?", Omar added. "They ruined her life".

"It was many of them, multiple decision layers and more decisions than any of the applications actually heard (unfairly) but actually took place Omar," replied Karen.

Omar expressed to Karen, "Two wellness checks in 2020. Another one on May 29, 2025 and she clearly is coherent

and recording. They want to frame her as unstable to discredit her, it is very obvious".

Karen continued his thoughts, "This is why they don't want anyone recording, they want to lie and take lives through organized suicide entrapment. And the worst part— CANlii citation 2015-HRTO-1126 was the first decision — an anonymization order to protect against mental health reputational harm and so by ignoring it, and propagating it online, across police and Ottawa Latin dance, it's international mens rea or criminal intent. A clear pattern especially given the multiple wellness checks. That's a war crime because she lives with a disability and is a Gazan too; especially her Gazan-Stimming art expression at Baklava's (Rahim Noudehaki at 275 Elgin out of the Anglican Church)."

"She even escalated through the entire HRTO," Karen whispered. "They now enforce mediation on all files to avoid international exposure and while ignoring Cayenne's email asking them to explain themselves to the United Nations and international witnesses. This is all her."

Back at the delegation, Mohammed leaned forward. "What do you need?"

"A lawyer. UN contacts in Ramallah or Gaza, if they still have an office. I'm giving the government a chance to fix this. But I've also authorized consent to media through embassies connected to the United Nations, and Arabic and/or Palestinian human rights because death is on the table for me. They want me to take my own life with isolation and block me from proper medical care for neurodivergence, work, my own accounts, credit cards, and friends including access to my own devices while throttling my internet and slowing down my keyboard to induce psychological implosion hoping to push me toward suicide, and I am not suicidal".

He swallowed. "I am sorry for all of your pain, and it is hard for all of us, it will all end and when we get our own country, come home and live in peace and freedom because you are always welcome here and back home."

Cayenne smiled, Mohammed sees the future like she does, one where we will be free to be who we are without racism. Cayenne explained, "I have to take all precautions," then she breathed in and continued, "They're counting on me dying. But I'm not going to. I'm not Cleopatra. And James—Habanero—he's not Mark Antony. Cleopatra and Antony didn't know they were high IQ autistics. We do. That's our advantage. They thought humiliation would destroy us to protect their fraud against Canada, and this targeting of undiagnosed Canadian autistics. But that only works when we don't know the truth and autistics are wired for justice and our brains work differently."

"I want to understand more about this, and I really don't have knowledge on undiagnosed adult autism," Mohammed shared.

Cayenne stood. "I understand what is happening, and it is because of their textbook labelling me as neurodivergent but withholding it from me so I cannot access proper care. They lied to me about my disability so that I would shut down, and burn out as they planned to humiliate me into taking my own life. They even staged wellness checks! Two in 2020, and since I didn't die and told the truth on Facebook in 2025, they filed another one on May 29, 2025".

"Unfortunately, Palestinians are targeted and we are here to improve Canadian-Palestinian relations", Mohammed said; then he continued "there is so much hate and some love too. Lots of lawyers wanted to help us and they also suffered too."

"They lie and I tell the truth. They suppress me and I have international witnesses. I love Canada, and they don't respect its laws. I am very committed to my Canadian freedom, and will return to Palestine as a Canadian too. They cannot delete me from Canada or Palestine Mohammed."

And outside, the Palestinian flag fluttered again.

Blondie leaned back from her screen, pale.

"Sorry," the screen flickered.

Something went wrong.

LECA complaint E202507181657151645

This is to document that Constable Spitz's email bounced, and today I asked for it in person so it was given to me by Ottawa police. I was able to leave her a voice message. However, Sergeant Barakat's extension (2852) wasn't working and the Caucasian attendant behind the glass shared that when an employee is on vacation, their voice messages do not work. I personally feel like this is very confusing and I wonder if it is intentional to induce psych destabilization. My phone calls with Ottawa police yesterday from my land line 613-227-0337, which I recorded on an external device, rendered equally conflicting information on Constable Spitz being retired, then being assigned to my police report but Constable Arbour said that Sergeant Barakat is assigned to it so for my in person visit with A/Sgt. Jon Guilbeaut to tell me to call/email Sergeant Barakat and Spitz and for me to do so and to get broken extensions, and emails is suggesting that something is going on to prevent me from being able to access Police to investigate judiciary fraud. I have separate concerns about other individuals and I will write a separate email as this pattern started last year with Constable Jimmy Fang and the same group harassing me with parallel claims to what is being defrauded about me online in attachment to government online sources which is what my novel and Facebook posts are about. My Facebook account is suppressed and many fake ones with my legal name are being reported to me by my friends that cannot connect with me online as a result. My actual account direct link is <https://www.facebook.com/lexibee668>

Dear HRT0/Eduardo,

On Dec 2, 2020 I filed a complaint with Justice Tribunals as per the HRT0 website & our second last conversation, and they haven't responded back to me even though it has been over 4 weeks

On the same day, Dec 2, 2020, I filed a form 10 to advise adjudicator Doyle of my positions on her transgressions toward me, given her assignment expires on Feb 2, 2021.

Adjudicator never responded to this form 10, the respondent responded right away & she never responded, and it has been over the 2 weeks rule; however, as is customary in my application disenfranchise me.

On Dec 8, 2020 (see attached audio), another CCMC took place where I tried to vocalize my positions again, and adjudicator Doyle ended the call without addressing my concerns & continued to hear the respondent clearly understand that am not available past Dec 17, 2020, and more specifically am not available on Jan 18, 2021 but adjudicator Doyle still asked scheduling to book it

On Dec 15, 2020; I emailed HRT0 scheduling advising am NOT available on Jan 18, 2021, and offered Jan 11, 2021 & I was ignored for weeks.

On Jan 3, 2021, I followed up again about my non availability on Jan 18, 2021 and offered availability on Jan 11, 2021 and still being ignored.

Today is Jan 11, 2021 and despite forwarding a medical appointment email last Friday Jan 8, 2021 before noon, I have received nothing..

Police False reporting is becoming a pattern of behaviour for the HRT0 against me when raising my feelings regarding this process being unfair, specifically, being sad or upset about unfairness because he or she is upset is racist.

The HRT0 via your call center, and the adjudicator Maureen Doyle called Ottawa Police twice alleging that I am falsely suicidal. It has been over 2 applications at the HRT0 and almost a decade. If I was weak, I wouldn't be still standing while am suffering with these abuses. This is evidence that I am mentally strong, and not mentally weak.

The first time, I tried to be understanding, and I let it go but the second time it was during the video conference hearing & it was the same police officers that came to my address.

When a pattern of unwelcome behaviour, that is reasonably known to be unwelcome, happens more than once; it is called harassment. When it isn't based on any evidence, it is false reporting labelled negatively & I will not allow this.

Today I called Ottawa police & informed them of my feeling on the HRT0 calling me suicidal twice, and sending police officers to my door as intentional false reporting.

I recorded this call and the police took my info and documented it as call # 21-7972. If the HRT0 does this again, the police officers will see this note & when they come to my door, I will ask them

I notified the police of this application #, and that adjudicator Doyle's assignment expiry is Feb 2, 2021, and her stretching out of this application for over 5 years.

I did offer for the police to be present at all future hearings to prevent any more of these false reports designed to embarrass me & attack my dignity in an effort to take time away from this application

I refuse this unequal treatment & lack of equality under the law. This application is taking so long because there is a refusal from adjudicator Doyle to make a decision that forces Waterloo Unbreaching our settlement. Further, adjudicator Doyle doesn't want me to be able to address the discrimination I actually faced by being able to open my original application. She made this as for this application, she makes it impossible for me to open the original application. I tried to file a form 20, and that is what the HRT0 communicated to me.

Today is Jan 11, 2021; the date I proposed on December 15, 2020 to sub for the Dec 17, 2020 hearing that was taken away from me unjustly. It is here, and I have no response on a timely hearing from me unjustly.

I am Canadian, I have rights & I want to exercise these rights to their full limits. None of this is right.

I called the police to notify them I am calling you to repeat the above, and that I will send you an email heads-up am calling, and I did ask them to press charges if the HRT0 claims any false again. I called them to let them know I am calling you so that if you file another false report, the police know am fine & it is you that needs their attention.

Best,
A.B.

Hi,

I am following up about my email below sent to you on Dec 15, 2020. Today is Jan 3, 2021. My application is entering its fifth year, and the adjudicator attached to it, her assignment expires

Are you receiving instruction to delay responses to me to sabotage my application? Is this to allow the adjudicator's assignment to expire, and to effectively take away all of my rights to a c

Delaying scheduling hearings is the equivalent of sabotaging my charter rights to due process. Especially when the assigned adjudicator's assignment is expiring next month.

I did file a complaint about how this application is being treated. They are copied on this email. I hope they can do something. Nothing about all of this is right. It's sabotage of my rights to c

I said am not available Jan 18 and offered Jan 11 over 2 weeks ago. I need a day to fully question the witness (if he shows up), and I need a day to make my final submissions and tell my happened for 5 years in this application. I am asserting my charter rights to due process. I dont know how many more times I must say this because I remain unheard, disrespected in this season and every new year. This isnt fair or right.

Best,

Alexa.

Was this email spoofed from the government ? I think so given what I am experiencing right now via digital stalking, spyware and identity and credit fraud online and organized . harassment linked to my stimming dancing being suppressed on the internet and being targeted for dancing all of 2024 and upto now. I am neurodivergent (Aspergers) and I need dance to regulate so targeting me in this way is also meant to destabilize me and push me toward suicide to cover up all this fraud , please investigate

PART B BRIEFING SUMMARY PARTIE B SOMMAIRE DE LA SÉANCE D'INFORMATION

The individual named herein is authorized access to the level of information/assets indicated above when there is a work related need.

La personne nommée dans la présente a le droit d'accès aux renseignements et aux biens au niveau indiqué ci-dessus lorsque cela est nécessaire à l'exercice de ses fonctions.

If an individual fails to safeguard, releases without appropriate authority or uses information/assets for unauthorized purposes, such action may constitute a contravention of the Security of Information Act, the Access to Information Act, the Privacy Act or other Acts of Parliament, a breach of the Government Security Policy or the Oath of Secrecy. These provisions apply both during and after service to the Government of Canada. Specific safeguards are identified in the Government Security Policy and Standards and in corresponding departmental or organizational policies which apply to classified and protected information/assets. These safeguards must be applied.

Si la personne ne protège pas, divulgue sans autorisation pertinente ou utilise les renseignements et les biens à des fins autres que celles officiellement autorisées, cette action peut constituer une infraction à la Loi sur la protection de l'information, à la Loi sur l'accès à l'information, à la Loi sur la protection des renseignements personnels ou à d'autres lois ou Parlements, une violation de la Politique du gouvernement sur la sécurité ou du serment de discrétion. Ces dispositions s'appliquent durant et après la période de travail pour le gouvernement du Canada. La politique et les normes du gouvernement sur la sécurité et les politiques des ministères ou des organisations qui s'appliquent aux renseignements et aux biens classifiés ou protégés font état des mesures de sécurité qui doivent être prises.

Classified or designated information/assets must be returned immediately to the appropriate institutional authority when notification is given that the person named herein no longer requires access to such information/assets.

Les renseignements et les biens classifiés ou protégés doivent être retournés immédiatement au représentant institutionnel approprié lorsqu'un avis est émis selon lequel la personne nommée dans la présente n'a plus besoin d'y accéder.

PART C ACKNOWLEDGEMENT

To Whom It May Concern

Re: Ms. Aula Beseiso

I have known Ms. Aula Beseiso since September 2004. She worked as my teaching assistant for the two Principles of Economics courses that I taught in the Department of Economics, Carleton University during the academic year 2004-2005.

There were about 300 students in these courses. The responsibilities of a teaching assistant included: holding office hours, helping to solve students' problems, answering their questions, marking examinations and assignments and managing tutorial classes. In the first meeting that I held with my TA's Ms. Beseiso immediately volunteered to perform the administrative duties in addition to the ones already mentioned. I was very impressed by her initiative.

Ms. Beseiso did perform very well in all her duties, including administrative duties, as my teaching assistant. On many occasions, students commented on her ability to answer their questions clearly and her excellent interpersonal skills.

Ms. Beseiso is a very talented, hard-working, reliable, motivated and articulate individual. I strongly support her application for the position vacant in your organization.

I would be pleased to elaborate on this assessment, or to answer any question you might have. I can be reached at (801) 863-6898 (office) and/or at akia@uvu.edu.

To Whom It May Concern:

This letter serves as a reference in support of Aula Beseiso.

Aula Beseiso was hired as a Consultant for the Centre for Public Management in 2008 and assigned to the performance measurement and evaluation practice under my leadership. During her time in my practice area she exhibited a strong ability to analyze data and prepare report summaries of that information. She also assisted in other research related to the development of case studies and proposals. In addition, she participated in the development and administration of web-based surveys, which was an important, unique skill to our team.

Aula has a Level II Secret clearance which, on one evaluation project, allowed us to depend on her to analyze and extract key information from Secret Canadian government documents that some of our team members could not access. Going through complex documents, analyzing them and extracting necessary information confirms her attention to detail, and organized logical approach when dealing with complex information.

Aula returned to school to pursue a second degree in Applied Economics and has secured funded opportunities to explore online social enterprise development.

Re: Aula Besieso

It is with great pride and pleasure that I provide this letter of support regarding Aula Besieso. In July of 2013, Aula applied for a unique government of Ontario, Canada entrepreneurship training program known as the Ontario Self Employment Benefit program – OSEB. Hundreds of applicants apply each intake and must submit a thorough proposal application as well as pass an interview process. Aula was one of the successful 160 participants selected in 2013.

The OSEB program provides accepted participants with 42 weeks of entrepreneurship training and monthly financial support. In class training is offered in all areas of starting up a business including business plan development, marketing, financials, social media, legal and insurance, networking and market research.

Aula was an active and enthusiastic participant, whom like a "sponge", absorbed everything taught by our program and her business consultant. She proved to us that she was an individual with dedication, passion, and a lust for knowledge. Aula continued to remain in contact with us for quite some time after the program, updating us on her business development. Her determination resulted in her learning new aspects of web development, coding, video blogging, and the pursuit of Interactive Media Management at Algonquin College. We are pleased to continue to receive updates from Aula, such as her recent additional funding from the Ontario Chair of Excellence / Social Impact Academy.

I truly believe that if you are looking for an engaging, enthusiastic, passionate individual who truly wants to change the world for the better, Aula Beseiso is your ideal candidate.
